Edward Weiss Accused by Alleged Former 'Pal' of Daring Robberies

Recovery of Watch in Pawnbroker's Leads to Arrest of Carpenter

BERKELEY, Jan. 2.—Implicated by a former alleged confederate in several hold-up jobs on the east side of the bay, Edward Weiss, a carpenter of 1161 Nineteenth street, Oakland, was arrested today by Detective Sergeants Jamison and Woods of the Berkeley police department and arraigned this afternoon in Justice of the Peace Edgar's court on a charge of robbery. He is accused by the police of holding up George B. Sturgeon, a civil engineer, residing on San Luis road, Northbrae, on the night of November 10, 1910.

ACCUSED BY DIEDRICH. Through a lengthy confession of Friedrich Diedrich, known as "Joe the Miner," Weiss is connected with the attempted hold-up of Andrews' saloon, on the San Leandro road, some years ago. Diedrich, who is being held as a witness, names his former associate as the leader in planning the job for which Diedrich was arrested and served a term in the county jail.

He made a detailed statement to the Berkeley police in which he declares that Weiss caused him to stand in front of Andrews' saloon on the night before the hold-up was to have taken place, for the purpose of learning when Andrews left the resort.

Diedrich was discovered near the saloon with a revolver in his possession and placed under arrest. He did not implicate Weiss at that time.

GIVEN MONEY. Diedrich explained to Chief of Police Vollmer that he had protected Weiss with his silence because the Oakland carpenter had kept him and given him money occasionally.

That Weiss confessed to Diedrich that he had held up Andrews' a year before the attempted job when Diedrich was arrested and obtained \$750, is the statement of Diedrich. When asked by the police as to Weiss' general connection with hold-up jobs in Berkeley and vicinity, Diedrich replied: "He must have done them; he has the stuff." The witness declares that most of the loot has been concealed by the carpenter. The Berkeley hold-ups, besides that of the Sturgeon case, are as follows:

New President of China Declares That He Will Oust Imperial Rulers

Chinese to Change New Year's Fete

SAN FRANCISCO, Jan. 2.—Owing to the lateness of the order by President Sun Yat Sen changing the Chinese calendar to conform to the European, the Chinese of San Francisco will not attempt to celebrate the new year this week, but will observe the old day, February 17, as usual. Next year, however, New Year's will be celebrated January 1.

Tong King Chong, secretary of the Chinese National Association of America, in making this announcement today explained that the celebration of the Chinese new year involves extensive preparation. It is customary for Chinese to pay all debts and obligations before the new year in order to start it with a clean slate. The celebration extends over a full week and is one of the most important observed by them.

PEKING, Jan. 2.—The empress dowager, who is desirous of carrying out a campaign against the revolutionaries, today advanced about \$2,000,000 to Premier Yuan Shi Kai for that purpose. There are many indications that the northern troops are anxious to resume hostilities.

Dr. Sun Takes Oath as First President

NANKING, China, Jan. 2.—Dr. Sun Yat Sen took the oath of office today as provisional president of the republic of China and was formally invested with the powers of chief executive. The ceremony was simple, but dignified. It was attended by all the prominent men of the revolutionary party.

Dr. Sun, who is well known in America and Europe, after his arrival in Shanghai some ten days ago was elected president by the national assembly of reformers, representing the provinces of China proper, then in session here, by an almost unanimous vote.

BURNS ARRIVES IN INDIANA CITY TO TESTIFY BEFORE GRAND JURY INVESTIGATING ALLEGED CONSPIRACY

ARMY OF SLEUTHS IN FIELD

Chief Detective Predicts the Return of Great Mass of Indictments

Tveitmoe, Johannsen and Munsey Arraigned and Granted Week's Delay

LOS ANGELES, Jan. 2.—Olaf A. Tveitmoe, Anton Johannsen and J. E. Munsey, the labor leaders indicted by the federal grand jury last Saturday, were arraigned in the United States district court today and obtained a delay until January 12 before entering their pleas.

INDIANAPOLIS, Jan. 2.—William J. Burns arrived here today to testify before the federal grand jury in what is considered to be the final lap in the government's investigation of the alleged nationwide dynamiting conspiracy.

Burns expects to confer with United States District Attorney Charles W. Miller, Oscar Lawler, special government prosecutor in Southern California, and District Attorney John D. Fredericks of Los Angeles county. The announcement of Olaf A. Tveitmoe's departure from Los Angeles for this city completes the gathering of the government's forces in building up its case against the alleged conspirators.

Burns declared he would not be surprised if by the end of the week a mass of indictments would be returned. While information as to the great majority of the persons against whom the investigation is aimed is already in possession of the authorities, an army of detectives still are at work in tracing the movements and activities of the big labor leaders in the last two years.

\$30,000 IN REWARDS. Asked as to the rewards which were offered in California for the arrest and conviction of persons perpetrating the Los Angeles Times disaster, Burns expressed the belief that he would collect upwards of \$30,000. This sum, he added, however, he intended to divide among the many assistants who helped him run down the McNamaras.

As to the reward of \$7500 offered by Olaf A. Tveitmoe, secretary-treasurer of the State Building Trades Council, at the time of the Los Angeles Times explosion and withdrawn when the McNamaras were arrested, Burns said he was quite confident that the California labor leader would pay the reward without any trouble.

RESUME INQUIRY. LOS ANGELES, Jan. 2.—With the New Year holiday past, the federal grand jury resumed investigation of the alleged national dynamite conspiracy here today.

OAKLANDER HAS RASPBERRIES ALL YEAR

Vines in Mrs. William Clark's Garden Perennially in Fruit

Horticulturists, who assert that the productiveness of the raspberry vine ceases in the autumn, have been amazed at the phenomenal growth and fruit from the vines planted in the garden of the residence of Mrs. William Clark of 1563 Linden street, which are now bearing the sweetest berries of the year. The vines continuously bear the most delicious berries and many good-sized boxes of the latter have been given from time to time to friends.

About two years ago Mrs. Clark began raising the berries, and with but little care of the vines has had marked success.

Missouri Cold Snap Breaks All Records

Des Moines Shakes and Shivers When Mercury Goes 15 Below.

KANSAS CITY, Jan. 2.—Cold weather records were broken in many places in Iowa and Nebraska today, but in Kansas, Missouri, Oklahoma and other points moderate weather, with rising temperatures, was reported. At Norfolk, Neb., 16 degrees below zero was registered. Other temperatures follow:

Des Moines, 15 below; Sioux City, 11 below; North Platte, 6 below; Omaha, 4 below. A light snow was falling today in Western Missouri and Southeastern Kansas, where the temperature ranged from 15 to 20 above zero.

Russians Hang Persians And Expose the Corpses

TABRIZ, Persia, Jan. 2.—Eight Persians were hanged yesterday by order of the Russian court martial and another eight were executed today for alleged connection with the recent attack on the Russian troops. The Russian court martial is exacting a heavy toll for the casualties suffered by the Russian troops. The prisoners are tried in batches and in nearly every case are hanged summarily. Their bodies are displayed throughout the day in the public square. Among those hanged were Shegat Ullisma, the head of one of the religious sects and the chief member of the local assembly. Shua'ed Dewleh, brother of the ex-shah, arrived here today to assume the governorship. He was escorted by a body of Russian Cossacks.

Bloodhounds Fail to Track Dynamiters of Theater

BEDFORD, Ia., Jan. 2.—Bloodhounds failed today to find the trace of the dynamiters who partly destroyed the new Clarke opera house here, Sunday night. The north end of the theater was wrecked. It was to have opened last night and was in the hands of the contractor, who was finishing its equipment. Several workmen were in the building at the time, but none was injured. It is said three sticks of dynamite were exploded.

Finlander Breaks Record In World's Marathon Race

EDINBURGH, Jan. 2.—Kolehmainen, a native of Finland, won the professional marathon footrace of 26 miles, 385 yards, and for the championship of the world, at the Powder Hall athletic grounds today. His time was 2 hours, 32 minutes, 56 1/2 seconds. Hans Holmer (United States), who won the race last year in the record time of 2 hours, 32 minutes, 21 seconds, was second, ten yards behind. Fred Caramon of Amherst, Mass., was third. There were nineteen competitors, including Tom Longboat, the Indian runner, who dropped out of the race at the sixteenth mile, when he was leading by 300 yards.

Little Man, Aged 6, Saves Sister's Life From Fire

NEW YORK, Jan. 2.—Louis Brown, a motherless boy of six years of age, lost his life in a fire today because he stayed by the side of his four-year-old sister, Helen, and shielded her from the smoke and flames. A fireman searching through the burning building found the two children unconscious and clasped in each other's arms beneath the bed. Louis wrapped his jacket about the little girl's head to protect her. Her condition is serious.

Bullet Severs Live Wire; Pedestrian Is Electrocuted

NEWARK, N. J., Jan. 2.—Samuel Maxwell, a clerk, is dead here, electrocuted in the street by a live electric light wire which had been severed by a bullet. The shot, evidently a random one, was fired from the window of a house just as Maxwell was passing, and by odd chance cut the wire directly over his head. It fell on him and he died instantly. Two foreigners who occupied the house are under arrest.

PACKERS FINED FOR LOWERING PRICE

Overshipping Allotment Meant Imposition of Penalty

CHICAGO, Jan. 2.—Forty cents a hundred pounds was the penalty assessed against the members of the old packers' pool who overshipped their allotment into any particular territory, and the amount was distributed among the members discriminated against. The amounts were paid by check every week after the meetings at which the packers reviewed the shipments of the preceding week. This information regarding the inside workings of the old packers' pool between 1893 and 1896 was given today by Henry Veeder when he resumed his testimony in the trial of the ten Chicago packers before U. S. District Judge Carpenter.

Veeder stated that the same general rule applied to all the territory in which the combine did business. "These payments and collections between members of the pool applied only to beef?" "Yes."

"What use was made of the margin sheets?" "It showed the profit made in each particular market."

"Then, a low margin report meant less beef for the next week?" "Usually."

The witness said there were several new basic arrangements of percentages made by the packers in the period described. Before the noon recess was taken Veeder stated that all data regarding the operations of the pool were destroyed.

Warden Charges Morse With Attempted Bribery

ATLANTA, Ga., Jan. 2.—Warden E. M. Morse of the federal penitentiary at Atlanta made a formal statement today declaring that Charles W. Morse, the convicted New York banker, had offered him what he construed to be a bribe shortly after Morse became a prisoner at the institution. He said he refused it and notified Attorney-General Wickersham.

Kansas Jurist Charged With Expressing Adverse Opinion on Important Questions.

FRANKFORT, Ky., Jan. 2.—The Kentucky railroad commission has entered a protest against the appointment of Judge Hook of Kansas to the vacancy on the supreme court bench because he has expressed opinions adversely to questions now pending before the supreme court involving litigation of supreme importance to the rights of the state and jurisdiction of the state railroad commission.

Governor Frear May Get Cabinet Place

Hawaiian Official Is Said to Be Slated for Assistant Secretaryship.

HONOLULU, H. I., Jan. 2.—It was reported here today that Governor Walter F. Frear of the territory of Hawaii will be reappointed only temporarily, with a view of his being made assistant secretary of the interior in the near future. It is known that Frear has been close to the administration at Washington and the report is given general credence. Governor Frear declined to make any statement regarding the rumor.

road, near Russell street, January 20, 1910.

Money and valuables were obtained from most of the victims. The Berkeley police were baffled for several months over the mysterious robberies. Finally they located a watch on July 20, 1911, in a pawnbroker's shop in Oakland which had been stolen from Sturgeon. The loan concern gave the name of Weiss as the seller. Weiss was found by the police and asserted that the watch had been given him by Diederich. Four days ago Diederich was located and denied any knowledge of the watch. Weiss' arrest followed today, and Diederich was also taken into custody. The latter stated that he met Weiss for the first time on Broadway, in Oakland, in 1907, and that a month later the carpenter took him to Berkeley one night to take part in the robbery of a house. Diederich said he became "shaky" and refused to participate in the job.

A second attempt at robbery was made in Fruitvale. The house of a widow on East Fourteenth street was to have been robbed, but a policeman happened on the scene and the attempt fell through, said Diederich. Weiss told Diederich, according to the latter's statement, that he had held up two men before the pair met, besides the robbery of Andrews.

"Weiss wanted me to go with him to Berkeley on several jobs, but I refused." When asked what Weiss had done with the loot, Diederich stated that he presumed that most of it had been hidden. Speaking of Weiss' personality he told the police that the carpenter was a comparatively temperate man, drinking but little. He is married and has a reputation as an honest, hardworking mechanic. Diederich would not make the statement that Weiss had taken part in any street car hold-ups, but Chief of Police Vollmer is believed to have evidence in connection with these jobs which implicate the prisoner.

M'MANIGAL IS ON WAY TO INDIANAPOLIS INQUIRY

Spirited Away From Los Angeles; Federal
Grand Jury Investigation Resumed

(Continued From Page 1.)

and J. E. Munsey, three of the labor leaders indicted Saturday, were scheduled to appear in court for arraignment and possibly to enter pleas, but the latter procedure was uncertain. Their attorney, Job Harriman, declared himself reluctant to make public his probable action.

Rumors that E. A. Clancy, another union labor leader indicted Saturday and who was reported as still sick in his San Francisco home, had confessed, continued in circulation. They were denied, however, by both federal officials and union men.

That the legal counsel to aid Harriman in the defense of the labor leaders might be named today in connection with the men's arraignment was a possibility. It was reported that Clarence S. Darrow and LeCompte Davis, both of whom defended the McNamara brothers, would take part in the present case.

Among witnesses waiting to appear before the grand jury today were Paul Scharenburg of San Francisco, secretary of the State Federation of Labor, and E. J. Hendricks, president of the Los Angeles Building Trades Council.

EFFECT OF DEPARTURE.
What effect the sudden departure last night of Orlie E. McManigal, confessed accomplice of the McNamaras, would have upon the grand jury's investigation here was problematical. While it was thought the jury might return more indictments before its term expired next Saturday it was believed that such bills probably would be based principally upon information already in the hands of the jurors than upon any knowledge to be gained from the witnesses yet to be questioned.

McManigal, in the custody of Malcolm McLaren, a detective, and Robert Brain, under-sheriff of Los Angeles county, is on the way to Indianapolis today to be a witness in the government's investigation there, but no official could be found who would make a positive statement to that effect. McManigal was a prisoner in the county jail here nearly eight months.

TVELTMOE CALLED.
Tveltmo was called to the bar first today to be arraigned and asked whether his name as given in the indictment was correct. He said it was and Judge Olin Wellborn then asked him whether he was represented by counsel. Tveltmo replied that he had retained attorneys Job Harriman and LeCompte Davis.

The same formalities were gone through in the cases of Johannsen and Munsey. Then Harriman said that his clients wished to go to San Francisco to confer with fellow officials of organized labor before entering their pleas and asked for a ten-days delay. District Attorney A. I. McCormick representing the government, offered no objection and Judge Wellborn set Friday, January 13, as the day the three labor leaders must again appear in court.

Both Harriman and Davis said it had not been decided whether the defense would interpose a demurrer to the indictments when they appeared on a plea today. When asked whether Clarence S. Darrow would be associated with the defense, Davis declined to answer, simply saying that while it was likely that other attorneys would be retained, he was not yet at liberty to disclose their identity. The grand jury's indictment against labor leaders was made public immediately after their arraignment. It contained four counts, all relating to a general alleged conspiracy, charging that they had conspired to ship explosives from Indianapolis to Los Angeles and other points unknown to the jurors in violation of the federal statutes.

CLANCY'S LETTER.
Attached to the indictment was a letter alleged to have been written by E. A. Clancy, one of those indicted. It was said to have been written in Los Angeles June 3, 1910, on a letter-head bearing the words: "Eugene A. Clancy, 200 Guerrero Street, San Francisco, Cal., International Association of Bridge and Structural Iron Workers. Office of the First-Vice President." It was said to have been addressed to J. J. McNamara at Indianapolis, and read as follows: "Dear Sir and Brother:

"I have been here five days now and they have started here the greatest strike any part of the country has had in a long time. All the shophen of the Union Iron Works and Baker Iron Works, Llewellyn Iron Works are quitting and we are about to start a new local here. The structural men on the outside are coming in great, fourteen of them from one job coming up tonight. The machinists, molders, patternmakers are out and they are helping each other fine. The State Building Trades Council have a man here, A. Johannsen; he used to be with the Woodworkers in Chicago; also Stewart Reid of Chicago.

"OPPORTUNITY HERE.

"Now, Joe, what we want here is Hockin. The greatest opportunity is here now. I can't stay here, it is impossible, but I have things going fine. Frisco is behind this move heart and soul and we are going to put some money in here. The state council is going to put an assessment on, so you see that means weekly, so now is the time. The painters, teamsters, the carpenters have a man here already. I mean the carpenters here. Now the painters and teamsters and the iron workers will have men here and all the other trades; the plumbers have a man here also. I wish I could stay, Joe, but Hockin is the man. Take it up with Ryan at once, the best man for the position. I hope Frank is at the office when this arrives so he will send Hockin at once. I leave

"P. S.—Will send a full detailed report tonight."

The indictment charged that Orlie E. McManigal, starting December 15, 1910, conveyed explosives from Chicago to Los Angeles, through Salt Lake City, Utah, and San Bernardino and Riverside, Cal. It declared that he carried a case containing ten quarts of nitro-glycerine. The indictment charges that McManigal, after emptying the case here, shipped it back to his wife in Chicago, using the American Express Company as a carrier.

Referring to a possible move on the part of the attorneys for Tveltmo and others who were arraigned today to obtain separate trials for their clients, McCormick stated that the government would make a vigorous fight against such an action.

Fredericks to Aid Indianapolis Inquiry

INDIANAPOLIS, Jan. 2.—Both Oscar Lawler, special government prosecutor in California, and District Attorney John D. Fredericks of Los Angeles county, due to arrive here today, will collaborate with United States District Attorney Miller in the inquiry into the alleged nationwide dynamite conspiracy. The federal grand jury resumes its inquiry today.

While Lawler helped District Attorney Fredericks prepare his case before the McNamaras confessed and later Fredericks reciprocated by bringing over evidence that is supposed to have enabled Lawler as special government prosecutor to indict the defendants, he returned last Saturday night by the federal grand jury at Los Angeles, both these men had planned to lend a hand today to United States District Attorney Miller here in what is now conceded to be the pivotal work of the government's inquisitorial proceedings.

WILL ASSIST MILLER.

Orlie E. McManigal's arrival here within two or three days is taken to mean that the Californians will assist Miller in assembling the voluminous confessions of McManigal, which are supposed to have laid the foundation for the indictments returned by the federal grand jury in Los Angeles last week against labor leaders. But McManigal's confession, it is predicted, will be of greater use here than on the coast, because of the numerous Easterners whom it is thought to implicate.

When McManigal arrives he will be under special guard, not that the authorities fear his escape, but they fear the possibility of foul play from the against whom he has been testifying. Though federal prisoners usually are kept in the county jail here arrangements are being made to shelter McManigal in the federal building itself when an armed guard will protect him. Recognizing that the statute of limitations would prevent the implication of some persons for causing explosives to be transported, which led to the destruction of property several years ago, the government prosecutors here will take advantage of recent decisions in the so-called sugar trust case, wherein conspiracy offenses were held to be continuous.

McManigal On Way to Indiana City

LOS ANGELES, Jan. 2.—Orlie E. McManigal, who confessed to many dynamite plots throughout the country, left Los Angeles last night in company with Detective Malcolm McLaren of the Burns agency. His destination is thought to be Indianapolis.

McManigal, accompanied by Detective McLaren and Under-sheriff Brain, left the county jail shortly before 6 o'clock. They entered an automobile at a side entrance and were whisked away in the direction of the Santa Fe railroad station.

It was more than two hours before an inkling of their departure leaked out, and when inquiry was made at the county jail as to McManigal's whereabouts, it was stated that Detective McLaren had left word to "tell the reporters we have gone up in an airship."

McManigal said several days ago that he was wanted for him to leave for the East with McManigal that nobody would know it until he had left the city. That the destination of McManigal is Indianapolis is not denied by officials here, but neither is it affirmed. They simply refuse to say where he has been taken.

HEADED EAST.

From other sources, however, it was learned that McManigal undoubtedly was headed for Indianapolis, where he will appear before the federal grand jury now in session there, and repeat his confession made to District Attorney John D. Fredericks, which it was thought would be the "higher up" circle as having knowledge of the doings of the McNamaras in the many explosions throughout the country.

Detective McLaren was quoted some days ago as stating that when McManigal was taken to Indianapolis, and the federal grand jury that he would immediately be returned to Los Angeles to answer to the indictments against him here.

Books of Bankrupt Not His Property

WASHINGTON, Jan. 2.—The books of a bankrupt are not his property and their use as evidence before the grand jury is no violation of the bankrupt's constitutional rights that he be not required to testify against himself.

He also received the custody of their 3-year-old daughter. Lieutenant Comfort, who is a member of a prominent St. Louis family, testified that he and his wife separated in China last May when she refused to accompany him to the United States.

dency, thus marking the commencement of a new era and making the Chinese year begin henceforth on the same day as the year begins in most other countries of the world. Sun's cabinet is substantially as follows:

Vice-President—LI YUEN HANG.
Finance Minister—CHIN CHIN TAO.
Premier and War Minister—HUANG SING.
Attorney-General—DR. WU TING FANG.
Foreign Minister—WANG CHUNG WEI.
Marine Minister—CAPTAIN WANG.

Accompanied by a large suite and protected by a strong bodyguard, Dr. Sun left Shanghai in a special train for Nanking. The trip was made without incident except for the enthusiastic greeting accorded to the president at all the principal stations. Dr. Sun reached the new Chinese capital at 5:30 in the evening and was greeted with loud cheering. Many prominent men among the revolutionaries met him at the station and accompanied him to the government house, the route to which was lined by 10,000 soldiers. The whole town was decorated with flags and ships and merchant vessels along the river, dressed ship and a presidential salute was fired from the guns of all the forts in the vicinity.

The government house was reached at 10 o'clock. The gates, the inner avenue and the inner courtyard, including it were decorated with myriads of colored electric lights.

TAKES OATH OF OFFICE.

Dr. Sun was dressed in khaki uniform. He held a reception, which was attended by the governors-general and other high officials. Among the guests were delegates representing eighteen provinces of China proper, who took up their positions around a raised platform. When Dr. Sun entered all bowed their heads. The president-elect proceeded to the central platform and there took the oath of office.

Afterward he delivered an address in which he promised to disintegrate the Manchus, to re-establish peace, and to defend the rights and interests of the Chinese people. He declared his entire energy to the Chinese nation and aid the Chinese people to realize their aspirations. When the Manchus had finally abdicated and peace had been restored to the nation he would, he said, resign his provisional office.

The chamber of the delegates from the provinces then handed the new president the seal of office.

President Sun delivered a lengthy address in the form of a proclamation. In this he announced that a strong central government would be organized and the entire administrative system remodeled and modernized and a parliament, representative of the people, be elected. The provinces, he said, would be autonomous as regards local affairs and each would select its own governor. The army and navy would be made national institutions and be under the control of the central parliament, which would also deal with the finances. The whole fiscal system would be readjusted, but he was sure the income of the country was sufficient to discharge its liabilities and to defray ordinary expenses.

After giving many details as to his program for the development of the resources of China, President Sun referred to the relations of China with foreign countries. He expressed, on behalf of the republic, the feeling of neutrality of the foreign nations. He said that the anti-foreign feeling which had previously existed would not appear in the new China.

HOPES FOR PEACE.

The government, he concluded, was responsive to the will of the people, and he was assured that unity would prevail among all the provinces in supporting the republic. By doing its duty as a nation he hoped that the new republic would be recognized in the council of nations and he could promise that the foreign policy of his government would be conducive to the peace of the world.

President Sun this morning held a reception for the principal generals in command of the revolutionary troops in Nanking, which will remain the seat of the provisional government for the present. It is possible that the capital will be afterward changed to Wu Chang, but it is certain that Peking will not be selected.

Imperial Troops May Join Rebels

LONDON, Jan. 2.—A news agency dispatch from Tien Tsin says that a strong movement exists among the imperial government troops garrisoning Lanchow, in the province of Chi Li, in favor of a republic. These troops form a very important portion of the imperial army and were under the command of General Chang Shao Tsen, who was dismissed owing to suspicions of his republican sympathies. The movement dovetails into a widespread conspiracy in Northern China to assist the southern revolutionaries.

Representative of Yuan Joins Rebels

LONDON, Jan. 2.—A news agency dispatch from Tien Tsin says that Wang Wie Shi Kai had joined the Republicans and has taken command of several thousand imperial troops, who have gone over to the rebels. He declares his intention to begin a march with the army on Peking tomorrow. He telegraphed today to the officials at Peking and to the foreign consuls in many of the cities requesting them to enjoin their governments to maintain the strictest neutrality.

FARMERS ASK FOR COYOTE BOUNTY

Owing to Scarcity of Squirrels
for Food, Chicken Coops
Are Being Raided.

Ground squirrels are becoming so scarce in Alameda county that coyotes find it difficult to obtain their chief food supply and have recently been bold enough to raid chicken coops in various sections, according to reports received today by John C. Hays, federal inspector in charge of the work that is being done under the direction of Dr. Rucker of the United States public health and marine hospital corps.

Numerous ranchers have complained that the coyotes are more of a pest than ever before and have suggested that the supervisors offer a small bounty for their scalps.

NO CASCARET USER EVER HAS HEADACHE

A 10-Cent Box Will Keep Your Liver, Stomach and Bowels Clean, Pure and Fresh for Months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passage for a day or two—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a ten-cent box with your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they ever have headache.

Socialist Councilman Indicted and Arrested

Strike Leader and Two Strikers Accused of Throwing Bombs Into Houses.

MUSCATINE, Ia., Jan. 2.—O. C. Wilson, business agent for the Button Workers' Union, leader of the button workers' strike and Socialist member of the City Council, was arrested here today on four indictments returned Saturday. He is charged with having maliciously injured buildings. Wilson is indicted jointly with William Murphy, William Beale, button workers, and Thomas Hopkinson, recently convicted of the murder of Policeman Gerischer on the charge of throwing acid bombs into the homes of three non-union men and also in the McKee and Bliven button factory in the first strike last spring.

COUNCIL CONSIDERS AWARD OF AUTOMOBILE CONTRACTS

Matter of Buying Four Machines for Fire Department Calls Forth Protest and Goes Over to Next Meeting

"The specifications used in the advertisement for bids on these automobiles for the fire department were taken from the back page of a Cadillac catalog."

This was the response of Agent McDonald of the Viele Automobile Company, whose bid was lower than that of the Cadillac Company, when asked by the council this morning whether the specifications drawn by Fire Chief Nicholas A. Ball would permit of reasonable competition. The Viele car, according to the bid, comes within these specifications, but was not recommended by Chief Ball, although it was lower than the Cadillac car.

The question of the fairness of the specifications was discussed this morning before a lobby filled with agents of various automobile firms, many of whom claim that they were prevented from entering bids by the technical rigidity of the specifications. At the last meeting of the council, Chief Ball filed his recommendation concerning three bids for contract for four automobiles, recommending the award of contract to the Cadillac Company, the highest bidder.

ANDERSON OPPOSED. This was opposed by Commissioner Harry S. Anderson, on the ground that it appeared to be a grave matter to award to the high bidder after soliciting bids. Anderson also stated that several auto agents had complained that the bids favored one car. Action was deferred to give the agents present time to present their arguments before council. Don Lee, agent for the Cadillac car, which Chief Ball recommends, denied that the specifications were restrictive. He admitted, however, that the Cadillac bid was the regular retail price of that car and that the city had thus not gained any saving by advertising for four cars.

Francis Fagot, representing the Rambler car, the lowest bidder, declared his car came fully within the specifications and declared that in fairness, as he was willing to meet all requirements, the contract should be awarded to his company. Chief Ball replied that he did not know whether Fagot's claim would stand.

MOTT'S VIEWS. "I think it would be a good plan to reject all bids and readvertise," declared

Mayor Mott. "We should advertise for an automobile with four wheels and a body and power to make it go, and then Chief Ball could select the best car at the lowest price and recommend it."

"I don't think I would recommend a car on such specifications," petulantly declared Chief Ball, and again relapsed into solemn silence.

As no adequate solution of the difficulty presented itself, the matter was again deferred. Before the next meeting Agent Frank Fagot will be given an opportunity to explain to Ball why the lowest bidder should receive the award if he can meet the specifications.

LAST TRIBUTE PAID TO MRS. GALINDO

Funeral of Pioneer Oakland Woman Held From Sacred Heart Church.

The funeral of Mrs. Synthesia Galindo, who died at her home, 628 Forty-sixth street, Sunday, was held this morning from Sacred Heart Church, Fortieth and Grove streets, where a solemn high, requiem mass was sung for the repose of her soul. Interment in St. Mary's cemetery followed. A short service was also held at the home of the dead woman previous to the church services.

Mrs. Galindo, who was seventy-nine years old, was a native of Santa Clara, having been a resident of Oakland for nearly a quarter of a century. She was the widow of Augustine Galindo, brother of Francisco Galindo, proprietor of the Galindo Hotel and well known in early business circles here. The dead woman is survived by ten children.

OPPOSES TAFT AND LA FOLLETTE

Governor C. S. Osborn Wants Both Candidates to Withdraw From Field.

LANSING, Mich., Jan. 2.—Governor Chase S. Osborn, in a statement here today, proposes that President Taft and Senator La Follette both withdraw as presidential candidates in favor of Theodore Roosevelt or former Senator Albert J. Beveridge.

The governor had prepared a speech to be delivered in introducing Senator La Follette here. In view of the fact that the senator missed his train this morning, Governor Osborn authorized the use of his speech as a statement of his views. Governor Osborn added:

"As between Taft and La Follette I am for Taft."

Osborn criticized La Follette as having "taken up those things which might be termed popular, that contained the least danger to himself." He declared that he did not believe La Follette would be nominated for the presidency or elected if nominated. Osborn further said:

"The Senator La Follette style of campaign tends to arouse the passions and make for a condition of public intolerance which is always worse than personal intolerance because it has so much more force."

BUSINESS AND HONESTY. "In Senator La Follette's speeches and writings—and in this connection let me say that I have taken and enjoyed 'La Follette's Weekly,' and am a subscriber to it—I do not think he distinguishes between honest men in big business and dishonest men."

"We must have big business in this country if we are to compete in the manufacture and transactions of the world. But big business should not be permitted to oppress the people."

"I have noticed also that while La Follette did great work in ridding Wisconsin of corrupt railroad domination, he has never said anything against brewery domination in that State."

"I have known Senator La Follette and of him for 30 years and have followed his career always with interest and with varying degrees of admiration and approval. Right here let me state, so that there can be no misunderstanding about it, that if he is nominated for President (which at this moment I hope he will not be) I will give him my earnest and active support and will request my friends everywhere to support him with earnestness and devotion."

Osborn then referred to suits brought some years ago in Wisconsin by the Democratic administration against previous Republican treasurers for interest on state deposits which had not been turned over to the State.

"Senator Philletus Sawyer," said Osborn, "had signed the bonds of one delinquent treasurer or more. The statement is made that he stood to lose several hundred thousand dollars if the State won. The story is that he offered to 'retain' Senator La Follette as an attorney in the cases. Senator La Follette's story is that Senator Sawyer tried to bribe him. But Senator Sawyer was never prosecuted for bribery or cited for contempt and nothing was ever done."

"My idea of this matter is that Senator La Follette should have prosecuted and punished Senator Sawyer for the criminal act that he alleged, or else he should have accepted it as a matter growing out of the blunted sensibilities of a man who had never had the polish of education or an ethical development."

BREAKS WITH STEPHENSON

"Senator Isaac Stephenson," pursuant to this agreement with Senator La Follette, started newspapers, and otherwise in Senator La Follette's interest, spent hundreds of thousands of dollars. It may be said to Senator La Follette's credit or otherwise that he broke with Senator Stephenson as soon as he landed in the Senate.

"I conclude the Governor said: 'I hope Senator La Follette may be retained in the United States Senate during his entire life time. If he is made President his influence will be over in eight years, even if he is elected for a second term. If he stays in the Senate he will be on the fighting line for a quarter of a century more.'

"If he is really interested in progressive Republicanism and in the welfare of the Republican party, I propose that he withdraw as a candidate, join me in asking President Taft to withdraw, and then permit the party to settle upon Albert J. Beveridge or Theodore Roosevelt as a candidate for President. I will go with him to either man."

"This will calm the conditions in the party, supply a candidate who has the respect and confidence of the people and who will present front to the enemy that will be invincible."

"In my opinion La Follette is not as bad as his enemies say he is, nor as good as he says he is."

HOLLY, Mich., Jan. 2.—"Senator La Follette will make no comment on Governor Osborn's statement, given out from Lansing; why should he?" said secretary Hannan of Senator La Follette's staff this afternoon when asked if the senator would give out a statement.

MISSING YOUTH SOUGHT BY POLICE

Dying San Jose Woman Pleads for Return of Wandering Son.

Pathetic appeal for word of a missing son that he may visit the bedside of his dying mother is contained in a letter received by Chief of Police Adelbert Wilson from Frank J. Pracna, a prominent realty dealer of San Jose. The missing man, George P. Pracna, a printer by trade, who has not been heard from by his parents since October 24, when he started from Seattle or Portland for the bay region.

The appeal is as follows: "San Jose, Dec. 30, 1911." "Chief of Police, Oakland—Dear Sir: Upon my request to my son to come home to see his sick mother, perhaps the last time in his life, so that he could part with him and embrace and kiss him once more, he started on October 24 from Seattle for this part of the country and notified us of his coming from Seattle, Portland, and at last from Hornbrook, California. From there he sent a postal card saying that his funds were low, and asking for assistance to be forwarded to Marysville, general delivery. I sent the money as quickly as I could by mail, but he never reached home, nor did he call for me. He is now in a hospital, or possibly he never since October 25 have I had a word from him. The effect of his silence is awful, especially upon his mother—my life—as her days are not many in this world."

"Something unforeseen must have happened, either accident, death, sickness, or he is in a hospital, or possibly he may have got into bad company or been arrested. It will be a great relief to us to know what has become of him, and for his mother's sake I am taking the liberty of asking your assistance in gaining any information you can about him."

"My son is 37 years old; weighs 170 pounds, is 5 feet 6 inches tall, uniform printer by trade; veteran of the Spanish war. He may have gotten into some kind of trouble, and if not killed is perhaps ashamed to let us know about it. But his dying mother is asking every little while when he is coming. Can you not help?"

"For her sake, if you could get any information about it, I would appreciate it if you wire me at my expense."

"Assuring you of our very deep gratitude for an effort you make make in his behalf we beg to remain,

"Very truly yours,
 "FRANK J. PRACNA.
 "17 West Santa Clara st., San Jose, Cal."

Cold? Yes, Some, but It Has Been Colder

We have had colder weather at this time of the year, but when the mercury ran down to 36 degrees this morning at 7 o'clock on the thermometer at Chabot observatory the inhabitants of this city realized that we were having a very chilly winter. Charles Burckhalter, who is in charge of the observatory, stated at noon today that he remembered when the thermometer read 28 degrees. "We will probably have a cold season this year," said Burckhalter.

ROOSEVELT GOOD VERBAL DODGER

Sidesteps Interview and Banquet While in City of New York.

NEW YORK, Jan. 2.—Colonel Theodore Roosevelt declined today to discuss a report that a movement was afoot in Nebraska to place his name on the presidential primary ballots. "Have you taken any steps to have your name removed from the primary ballots in Nebraska?" He was asked.

"I have taken no steps one way or the other," was the reply.

"A despatch from Washington says that you have made known to President Taft through a friend, your willingness to say that you will, under no circumstances, accept the nomination next June. Is this true?"

"I have not seen the story," Colonel Roosevelt answered. "I suppose I have been neglecting my education again. But I will say this."

"That when I have any announcement to make, I will make it publicly. I will not discuss the rumors. I have nothing to say on anything."

"The peace banquet, with its strong-arm squad preserving peace, presented an opportunity the other day—but I am not discussing rumors and reports."

IS NOT HUNGRY. "It is reported that you will make an important announcement at a dinner Friday night next."

"To electrify the system?" Interrupted the Colonel. "No sir, I have no dinner engagement for Friday. I'm still not hungry."

"Gifford Pinchot is quoted this morning as saying that you had told him that you would not accept the nomination although you thought you could be elected. Do you wish to deny this?"

"I have not seen the statement," said Colonel Roosevelt, "but I'll wager he did not make it. Three times within the last few weeks he has been misquoted. I wrote to him twice and found that he had not said what he was quoted as saying. So, you see, I can't discuss it."

PLEADS GUILTY AND ASKS FOR PROBATION

Pleading guilty this forenoon to forgery, Jack Crowley obtained the consent of the District Attorney's office to have his case referred to the Probation Officer. NO FORMALDEHYDE IN MILK SAMPLE

Head of Alameda County Milk Commission so States After Analysis.

ALAMEDA, Jan. 2.—A second sensation in the certified milk case in this city broke today with the arrival of a letter from Dr. T. C. McCleave, president of the Alameda county milk commission, who writes to the Alameda board of health under date of December 30, that Professor Jaffa made an analysis of a milk sample in which City Chemist A. A. Cunningham claimed to have found formaldehyde. Jaffa reports that there was no formaldehyde in the milk. Dr. McCleave writes that the milk was in an advanced stage of fermentation and decomposition, showing that it never had enough formaldehyde to preserve it, and therefore not enough to have caused the illness of the Blidde baby. The letter closes with the statement that the distillation test used by Cunningham in making the analysis is notoriously unreliable.

It is expected the board of health will take up the Cunningham findings and ask for a statement regarding the analysis made and how he arrived at his results.

OCEAN SHORE R. R. CREDITORS LOSE

SAN FRANCISCO, Jan. 2.—The efforts of the creditors of the Ocean Shore Railway to gain possession of mortgages held on the property of J. Downey Harvey, former president of the road, and J. A. Folger, a director, were set at naught this morning by Superior Judge Graham.

The referee in bankruptcy appeared in court and asked that the judgment against Harvey and Folger for \$15,000, in favor of Mrs. J. A. Folger be set aside. At the time of the issuance of certain bonds, the French bank was given a mortgage on property belonging to the two men to the amount of \$50,000.

Later, when the road was placed in the hands of a receiver, the claim was assigned to M. Girard. Mrs. Folger bought out Girard, and the men having already paid \$50,000, the \$45,000 was still owing. Several days ago Judge Graham gave her a judgment in that amount.

SUPERVISORS CLASH WITH COUNTY CLERK

Requisition for Registration Supplies Brings Forth Vigorous Objection by Chairman Mullins as Irregular

Objection on the part of Chairman John F. Mullins, of the manner in which the requisition for registration blanks had been drawn by County Clerk John P. Cook, led to considerable discussion at the meeting of the Board of Supervisors this morning. The requisition called for 10,000 blanks which Cook declared were necessary for use at once and the order was included in a batch of similar papers placed before the Board for passage. The requisition asked for 10,000 out of an order for 50,000 blanks, the smallest amount to be obtained as soon as possible.

MULLINS MAKES OBJECTION.

Mullins questioned the requisition giving as his reason that if the order had been placed by the county clerk before the board had acted upon it, it would be irregular and that in keeping with a resolution adopted some time ago, county officers should first put through their requisition for such supplies and order same after the board had given its approval. That the County Clerk had attempted to put through the larger order in the requisition for part of the work was the stand taken by Chairman Mullins, who opened the matter by saying:

"This requisition is not drawn in the proper manner and is a sample of similar practices on the part of the county clerk who some time ago ordered 50,000 postal cards at a rate far above the schedule on this board. I will never authorize a claim for the payment of this job. The blanks should have been ordered before this and the order subjected to the committee."

APPROPRIATION REFUSED.

Together with the requisition Cook had asked for the appropriation of \$500 to pay for the transportation of registration supplies and for the hire of halls in which to transact the business. The application was voted down. Chairman Mullins and Supervisors Foss and Murphy, Supervisors Kelley and Briggs voted in the affirmative.

Cook then charged that an attempt was being made to interfere with his duties as registration official and asserted that the amount would be necessary if he had to obtain it elsewhere than through the board of supervisors.

10,000 BLANKS ALLOWED.

Supervisor Kelley interposed, giving as his opinion that the work should go on in any event and made a motion that the requisition for 10,000 registration blanks be granted. He pointed out that the public should be considered in the matter and after some discussion Supervisor Mullins withdrew his objection to the motion as amended to include only 10,000 blanks, and it carried by unanimous vote. It was decided to take up the matter of obtaining the remainder of the order at the next meeting in the committee of the whole.

During the argument the problem of the new registration procedure in this county in the future came up for discussion.

GERMS IN HER SYSTEM

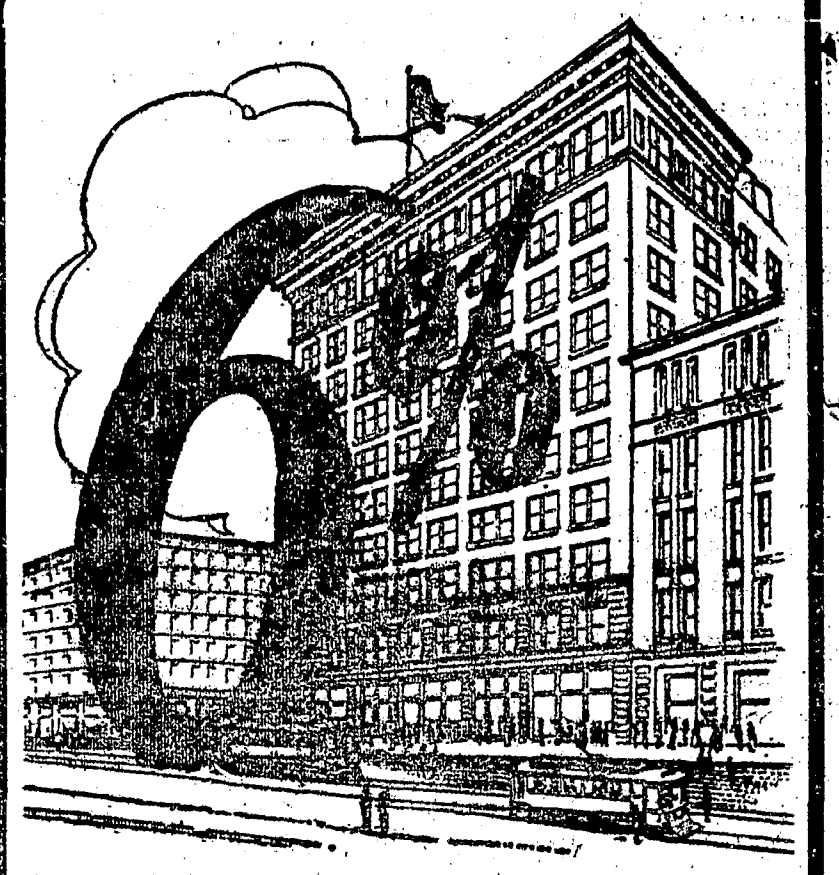

Every Woman Should Read This Advice and the Generous Offer That Goes With It.

The number of diseases peculiar to women is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system. Some women are told there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it falls to give satisfaction. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Reckall Mucic-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailment of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try Reckall Mucic-Tone on your guarantee. If you are not benefited, or for any reason not satisfied, simply return it and we will hand back your money. Reckall Mucic-Tone comes in two sizes, 50 cents and \$1.00. Remember, you can obtain Reckall Remedies only at The Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

For Surplus funds

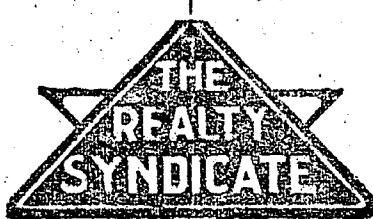

If you will write to The Realty Syndicate of Oakland you will find that you can invest money with them and get 6% for it, with a greater degree of safety and under a much more satisfactory arrangement than you ever imagined was at your disposal.

Our investors find "Syndicate Sixes" to be more satisfactory than mortgages, because they are handled on a business basis and the payment of interest and principal does not depend upon the health or good fortune or energy of any one person or upon the preservation and value of any one piece of property.

Banks are good for the accumulation of money and for checking accounts, but after accumulating a surplus you should invest it in some good 6% proposition.

An investigation will prove to you that "Syndicate Sixes" are about what you have been looking for, because you absolutely control the amount and length of time of your own investment.

COUNTY BUILDING FOR FAIR PLANS

Suggested to Supervisors That Alameda Unite With Other Counties.

The members of the Board of Supervisors today considered the advisability of asking one or two other counties to unite with Alameda county in erecting a suitable building at the Panama-Pacific Exposition. The matter was called to their attention through a communication from the exposition management asking them what steps would be taken here to provide an exhibit.

Supervisor Bridge suggested that in keeping with a movement which other counties have taken to unite in their exhibits, the board communicate with both Contra Costa and Santa Clara counties for the purpose of obtaining their sentiments in regard to the proposition.

"I believe that we should invite other counties to participate with us in putting up a grand building at the exposition," said Bridge. "I would suggest Santa Clara and Contra Costa, both of them being big counties. It seems to me that we should get together on the proposition."

He accordingly made a motion that invitations be extended to the officials of both counties mentioned to arrange for a meeting at which the situation would be gone into thoroughly, and the same was so ordered by unanimous vote of the board.

Supervisor Kelley stated that while he was heartily in accord with the motion, for the purpose of making a beginning he believed that Alameda county should stand alone in putting up a building.

"I believe that we should consider whether or not we are big enough to take care of ourselves," he said. "One way or another it would be a big advertisement and I feel that Alameda county should get the benefit of her endeavor instead of dividing it with other counties."

Upon Kelley's suggestion the exposition committee of the board was also included in the proposed conference.

BOARD IN FAVOR OF LONG FRANCHISE

Traction Company to Be Given Right to Extend Line Along Arlington Road.

Upon recommendation of the Road, Bridge and Franchise Committee, the board of supervisors this morning passed a resolution authorizing the clerk of the board to advertise notices of intention to grant a fifty-year franchise to the Oakland Traction Company for the extension of its line along Arlington road from the northern boundary line of Berkeley to the county line. By provision in the application the road is to be operated by electricity or any other motive power authorized by law, with the exception of steam.

The traction company applied for the franchise October 16 last and since that time the matter has been in the hands of the committee, which consists of Supervisors Bridge, Foss and Kelley.

Attorney Edward W. Engs represented the company before the board. The franchise was tentatively passed with old members voting aye.

LUMBER CARRIER BUCKS BIG SEAS

The Olsen-Mahoney Company Charts Melville Dollar and Tampico.

After a passage marred by high running seas and continued rain, the Hammonds, arrived this morning from Astoria and laid at Long Wharf. According to Captain Tietjen, the passage was one of the roughest ever experienced by the vessel. The vessel is discharging 30,000 feet of lumber at Long Wharf, after which she will steam to Mexico and Scott's shipyards and leave 100,000 feet.

Two freighters, the Melville Dollar and the Tampico, have been chartered by the Olsen-Mahoney Company of San Francisco to operate the Coast run between Seattle, Columbia River and San Francisco. Both vessels are freighters and will make an important addition to the already crowded fleet of vessels flying the Olsen-Mahoney flag.

Being bound for three days at Eureka was the experience of the steam schooner J. T. Loggie, which arrived at this port yesterday. Captain Johnson reports that the weather off the northern coast has become heavy. After discharging lumber at Long Wharf the Loggie left for San Francisco.

The hull of the river steamer Tribby was towed from the mud-flats of East Oakland to the Pacific Coast Freight and Transportation Company's warehouses, where it was inspected. Investigation proved that although too badly burned to be overhauled, she could be used for a barge. The steamer General Hubbard, after undergoing her annual inspection, left this morning with the French bark results in tow. She will take the Frenchman to Eureka where the bark will pick up lumber for the other side.

J. B. Emille has severed his connection with the steamer Harvard, on which liner he was employed as steward, and has returned to his former position as steward on board the steam schooner Ravalli.

The Katherine is at Long Wharf discharging lumber.

The river steamer Zinfandel is at the Oakland Dock and Warehouse Company's wharf discharging freight.

MISSING EDITOR WANDERS HOME

Penniless and in Rags C. G. Halliday Returns With Strange Story.

SAN FRANCISCO, Jan. 2.—Charles G. Halliday, the Ukiah editor who disappeared December 14th from the Goodfriend Hotel in San Francisco under circumstances that were considered mysterious, made his appearance in his home town yesterday under circumstances still more mysterious and told a story that has his friends in the Mendocino town guessing. Halliday says he had two drinks in San Francisco and remembers no more until after he awoke in British Columbia. He arrived there, he says, on a Pullman car, but his first recollection of his arrival is being ignominiously from the Pullman on to British territory.

Just how he reached Ukiah the editor is at a loss to explain. He is there, however. The last twelve miles of his journey were made in an automobile furnished by friends with whom he communicated from Largo, a small place twelve miles south of Ukiah, where the prodigal editor arrived the night before.

LEWIS CONVICTED OF KILLING GIRL

Manslaughter Is Compromise
Verdict Reached After
Fifty Hours.

OROVILLE, Jan. 2.—Arthur Lewis, accused of the murder of his stepdaughter, Helen Rumball, was found guilty of manslaughter yesterday, the verdict coming after the jury had been out for fifty hours. The verdict was a compromise one and for many hours the jury stood eight for conviction of murder in the first degree and four for acquittal. Sentence will be pronounced Thursday.

Mrs. Rumball, stepmother of Helen, indicted jointly with Lewis, will be brought to trial January 22. She is a sister of Lewis.

CHARGED WITH POSING As Another W

SAN FRANCISCO, Jan. 2.—Marion Theodore, a pretty young woman arrested by Detective McGraham for obtaining goods under false pretenses, appeared in the police court this morning, charged and perilled.

Posing as Mrs. F. A. Baker, of 182 Larkin street, the accused is alleged to have obtained about \$50 worth of merchandise from D. Samuel's Laid House and a like amount from the White House. Her case has been continued.

A HERO IN A LIGHTHOUSE.

For years J. S. Donahue, of Haven, Mich., a civil war captain, as a lighthouse keeper, worked a awful wreck, but a queer fact is, he might have been a wreck, himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes, "after I had taken other so-called cures for years without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50c at Osceola Bros.

Try This Famous Pinex "Pint of Cough Syrup"

A Family Supply for 50c, Saving \$2.
The Surest, Quickest Remedy You
Ever Used or Money Refunded.

A cough remedy that saves you \$2, and is guaranteed to give quicker, better results than anything else, is surely worth trying. And one trial will show you why Pinex is used in more homes in the U. S. and Canada than any other cough remedy.

You will be pleasantly surprised by the way it takes right hold of a cough, giving almost instant relief. It will usually stop the most obstinate, deep-seated cough in 24 hours, and is unequalled for prompt results in whooping cough.

A 50-cent bottle of Pinex, when mixed with home-made sugar syrup, makes a full pint of the best cough remedy ever used. Easily prepared in five minutes—directions on bottle, and it is ready for use.

The taste is pleasant—children take it willingly. Stimulates the appetite and is slightly laxative—both excellent features. Splendid for croup, hoarseness, asthma, bronchitis and other throat troubles, and a successful remedy for incipient lung trouble.

Pinex is a special and highly concentrated compound of Norway White Pine extract, rich in guaiacol and other natural healing pine elements. Simply mix with sugar syrup or strained honey, in a pint bottle, and it is ready for use.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. You must have Pinex or will gladly get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Convict-Actors Poke Fun at San Quentin Officials in Annual Show.

SAN QUENTIN, Jan. 2.—The big library building at San Quentin was crowded last night with invited guests who came from far and near to see a small army of convict Thespians perform.

The program was long and varied, and though the songsters, acrobats and other entertainers were the local jokes and jokes aimed at prison officials and some famous convicts.

Abie Ruef, who from behind the scenes acted as director of the entertainment, was a target for considerable of the fun and like other victims of the pointed allusions he joined in the laughs.

Herbert Repsold, known as the "Perfumed Burglar," at Sacramento, appeared as a violin soloist and was given a hearty reception.

BEAUTIFUL, LUSTROUS, HEAVY HAIR AND NO DANDRUFF OR ITCHY SCALP

Get a 25 cent bottle of Danderine and just try this—stops falling hair at once

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very vitality, producing a feverishness and itching of the scalp which, if not remedied will cause the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair. Ten minutes after applying all the dandruff will disappear, all itching and itching will be gone, and new hair—growing all over the scalp.

falling hair. Millions of men and women use Knowlton's Danderine and they never have dandruff, itchy scalp or falling hair—they know that it keeps the scalp clean and healthy and makes the hair grow heavy, long and beautiful.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application you will say it was the best investment you ever made. Your hair will immediately take on that life, beauty and luxuriance which is so dear to every man and woman who would have a healthy and beautiful appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

MERCURY DROPS

SUGAR CITY, Colo., Jan. 2.—With the mercury ranging from 15 to 32 degrees below zero for more than two weeks and with from 12 to 18 inches of snow covering the ground, Southern and Eastern Colorado are experiencing the most severe and protracted period of cold weather that has been recorded in these sections for many years.

Cattle, it is said are dying from hunger by the hundreds, due to the deep snows covering the scanty range grass, a great part of which was destroyed by a prolonged drought before the opening of last fall.

snowfall insures bumper crops for next year, as the snow will saturate the ground and put the soil in excellent condition for grass and grain.

MRS. JANE SATHER WILL PROBATED

Sitting in the Probate Department of the Superior Court this morning, Judge Everett J. Brown admitted the will of the late Jane K. Sather to probate. In accordance with the nomination in the will, the California Title Insurance and Trust Company was appointed executor of the instrument, upon its qualifying in the manner prescribed by law.

Mrs. Sather died December 12, and her will confirmed trust deeds she made in November, 1900, transferring for the benefit of the University of California the bulk of her large estate. It had been rumored that certain heirs would contest the will, but during the probate proceedings today nothing developed to indicate any opposition whatever to the estate being settled up in accordance with the terms expressed therein.

**NOTED INVENTOR
DIES SUDDENLY**

Ira Russell Hutchinson Succumbs to Stroke of Apoplexy in This City.

Ira Russell Hutchinson, a mechanical engineer and inventor of considerable note, died yesterday at the home of his sister, Mrs. J. W. White, 2829 Twenty-second avenue. Death was sudden, occurring shortly before noon, when Hutchinson was stricken with apoplexy.

Hutchinson was 39 years old at the time of his decease. He was a native of San Francisco. Among his inventions were the Hutchinson mailing mechanism now much used. He was also much interested in the study of mechanical subjects.

He is survived by a widow and small daughter, Mrs. Belle L. Hutchinson and Caryl Hutchinson, who are now in Chicago. He is also survived by his widowed mother, Mrs. Laura A. Hutchinson, and two sisters, Nellie L. Hutchinson and Mrs. White. The remains are at the parlors of Bessie J. Wood & Co., from where the funeral will be held. Arrangements for the funeral have not been completed.

**WOOD ALCOHOL'S
FATAL TO SCORES**

Liquor Dealer Blamed for the Death of 72 in Berlin Poorhouses.

BERLIN, Jan. 2.—Since the arrest of a wholesale liquor dealer who had been in the habit of disposing of wood alcohol, and groceries to the inmates of the municipal night shelter for the homeless and the confiscation of the adulterated whiskey found on his premises no further poisonings have been reported to the city officials.

The official total of the dead is 72 out of 163 cases reported, but these do not include cases who died outside of the municipal institutions. About 26 persons still are seriously ill.

The fact that a great proportion of the deaths might have been prevented if the cause of the sickness had been more promptly established has caused much criticism. The authorities in replying to this assert that both potomane and wood alcohol were responsible for the early cases, but these were undoubtedly mostly caused by potomane poisoning.

**BOBSLED STRIKES
POST; 6 INJURED**

One Girl Not Expected to Live as Result of Coastng Accident.

SEATTLE, Wash., Jan. 2.—Six young people were injured last night, one girl so seriously that she is not expected to live, when a bobsled on which they were coasting down North Sixty-fourth street struck a post set at the edge of the parking strip to protect a tree. The injured are:

Anna Forsyth, aged 14, abdomen gashed. Not expected to live.

Walter Forsyth, aged 21, right arm and wrist broken.

Otto Forsyth, aged 25, internal injuries.

Ellie Carson, aged 15, neck injured and head cut.

Gladys Forsyth, aged 14, internal injuries.

Clyde Butts, aged 24, body bruised and face cut.

Condition of the street leading from Phinney avenue down to Greenlake brought out a large number of coasters, making careful guiding necessary. The Forsyth sled was going at a high speed when it swerved from the road and struck the post, throwing the occupants in all directions. Four were picked up unconscious and the other two were in a dazed condition.

NORTH VANCOUVER, B. C., Jan. 2.—Donald Smith, the 13-year-old son of a former fire warden, was killed yesterday when he bobsled on which he was coasting ran into a delivery truck. Other boys on the bobsled escaped injury.

THOUSAND RABBITS
SLAUGHTERED IN DRIVE

FRESNO, Jan. 2.—Fully 600 residents of this city and vicinity took part in the old-style rabbit drive which was held yesterday at Raisin City. A special train left Fresno this morning for that place. The people made a line four miles square and closed upon the rabbits, killing them with clubs and shotguns. No rifles or revolvers were used. An ambulance with a doctor and four nurses was kept in readiness, but its services were not required.

H. E. Daniels, Southern Pacific brakeman, won the prize for bringing in the largest number of rabbit ears. Three covotes were killed. Over 1000 rabbits were shipped to the Salvation Army at Los Angeles.

FILIBUSTERS' STEAMER SOLD.

NEW ORLEANS, Jan. 2.—The steamer Hornet of filibustering fame, formerly the palatial yacht Alicia, and later a United States gunboat, was sold at public auction yesterday in accordance with the orders of the United States circuit court, which adjudged the Hornet guilty of violating the neutrality laws in connection with the Honduran revolution a year ago. The vessel was sold for \$3800 to C. A. Barber of Franklin, La.

WOMEN IN THE NEWS**WIFE'S CONFESSION
OF SHAME IS
CAUSE OF
MURDER**

Mrs. John Goffield Admits Relations With Slain Government Employee.

ROCKTON, Jan. 2.—It has been developed that Harry Ashland, a farmer residing near Rockton, in this county, who shot and killed John Goffield, a government employee, at his home in this city last night, was prompted to commit the act by his wife's confession of intimacy with Goffield, which a few hours before had been falling from her lips.

District Attorney E. B. Foltz visited Mrs. Ashland at her home. When informed that her husband had killed Goffield she volunteered information which gives the tragedy an entirely different aspect. According to a statement given out this afternoon by the district attorney, Mrs. Ashland confessed that she had been unduly intimate with Goffield. She said that during the absence of her husband in San Francisco on Christmas day, Goffield, who had been in the vicinity for several days poisoning squirrels, visited her. Subsequently he called again.

The visit was made at a time, so the woman declared, when she suspected that her husband was untrue and when she was lonely and without companionship.

Last Saturday, nearly a week after Goffield had left her, she grew penitent and finally decided to make a clean breast of the affair to her husband, who was still working in San Francisco. She wrote to Ashland asking him to come at once. He arrived late Saturday night.

Early Sunday morning Mrs. Ashland apprised her husband of what had transpired during his absence. He listened to her recital without any change of emotion. When a few moments later he quietly left his home, explaining that he had some business to attend to in this city, she did not suspect that he had settled upon a plan for summary vengeance.

When the woman finished her story to the district attorney she was on the verge of collapse. Throwing her arms wildly into the air, she threatened to kill herself.

Goffield was killed upon his front porch after Ashland had searched all over the city for him. The squirrel inspector was shot dead in plain view of his wife and 10-year-old son, both of whom pleaded with the assailant not to fire the second shot. Just before he dropped to the floor Goffield denied vehemently that he even knew Mrs. Ashland.

Women as Sheriffs

NEW YORK, Jan. 2.—Surrounded by his official family, many political friends and a large quantity of flowers, Julius Harburger was sworn in as sheriff of New York yesterday. He has promised to introduce all the newest innovations in the sheriff line, and, for a beginner, has hinted that he favors the wearing of a "Jack The Pincher" by women who believe themselves the required qualifications. The sheriff believes that women can do just as much good and will be just as effective along certain lines in protecting life, limb and property as men.

Among those who the sheriff says are eligible to become deputy sheriffs are Mrs. Isaac L. Rice, Miss Inez Millholland, Miss Helen Gould, Mrs. James Lees Laidlaw and Mme. No. 100.

Maul "Pincher"

PORTLAND, Ore., Jan. 2.—A howling mob, composed of women, but aided by husky men, beat, pummeled and mauled a "Jack The Pincher" who had been caught annoying women in the New Year's crowd at 1 o'clock yesterday morning until he was cut and bruised in a score of places. Police interference saved him from more serious injury.

Early in the evening the "pincher" began operations and reports of his work were made from time to time. It was after the old year was past that he finally was run down. The women took a hand in the fight and beat the "pincher" over the head with fists, canes, and horns, dozens joining in the fray, and several patrons were forced to fight their way to the scene of trouble.

They detained the man, after wrestling him from the angered husbands, but when the complainants declined to prosecute him, the police freed the pincher, who was assisted to a drug store and was able to leave after his wounds were dressed. He refused to give his name.

Pass the Salt

DATON, Wash., Jan. 2.—Recovering from unconsciousness which lasted several days after she had been kicked by a horse, Miss Grace Burris, a high school girl, began to talk rapidly in German and has stuck to that language ever since, although being in other respects entirely normal as to her mental condition.

Miss Burris' people are not Germans and she never spoke that language beyond studying it at a high school. She readily understands all questions put to her in English, but invariably answers in German, even when besought to speak English. Apparently she is unable to speak a word in her native tongue.

A severe concussion of the brain was sustained in the accident and it is possible that an operation will have to be resorted to, according to the girl's physician.

Wed in Public

PLACERVILLE, Jan. 2.—For the first time in history two young people were married publicly in Central California when William E. Landis and Miss Lorraine White were joined in the bonds of matrimony at the annual grand ball of the Native Sons at Morning Star Temple.

The Rev. Sylvester Buck pronounced the words of the ceremony which not only made them man and wife, but brought them practical presents from the business men of Placerville in the form of racks of potatoes, a marriage license, the minister's fee, bottles of champagne, a night's lodging, a shave and a haircut, a bath and a shoe shine, a pair of blankets and many other more practical presents.

Those in charge of the ceremony were Ted C. Atwood, county clerk; Thomas Smith, George Schiff, Joseph Quigley and Thomas F. Lewis. The groom is the son of Mr. and Mrs. J. S. Landis of Sacramento, and the bride is the daughter of Mr. and Mrs. Will White of Placerville.

MCKINLAY'S WIDOW PLANS WILL CONTEST

SANTA ROSA, Jan. 2.—Two wills of the late William McKinlay have been filed for probate and the widow, Mrs. Helen Mae McKinlay, has declared that she will contest the probate of one in which she is practically cut off from participation in the benefits of her husband's estate, valued at \$2650. The first will was filed several days ago by Attorney Thomas J. Butte, nominated as executor in the will, and the property is given in that document to the three sons of the couple. Another will has been filed by the widow, in which she is named as executrix, and given all the estate except some personal trinkets and a gold watch, which are divided among the sons.

CHURCH DESTROYED.

BOSTON, Jan. 2.—An early-morning fire destroyed the old Wesley Methodist Episcopal church in West Roxbury with a loss of \$50,000. The fire was caused by an overheated furnace.

SANTA CLARA RESIDENT BURIED ON NEW YEAR'S

SANTA CLARA, Jan. 2.—The funeral of B. Cigariol, a widely known resident of Santa Clara, who died here on Friday night from pneumonia after a short illness, took place yesterday. It was largely attended, the members of Court Sherwood No. 60, F. of A., Charter Oak Camp No. 321, V. O. W., and a delegation of the Millmen's Union, of which he was a member, being present in a body. The services were conducted by the Rev. A. V. Raggle in St. Claire's church and the remains were laid to rest in the Catholic cemetery.

WEAVERVILLE, Jan. 2.—Postmaster Paulson is to have a postal savings bank opening January 17. It will be the first in Trinity county.

LA AMITA

WORLD'S FINEST

LA AMITA

The White Plague Crusade.

The crusade against tuberculosis which has been carried on for several years is being waged with unremitting zeal throughout the civilized world. It has been demonstrated positively that the white plague is not incurable, nor strictly an inheritable disease; and that where it appears in the patient as an inherited taint of the blood, or as the result of contagion through association with sufferers in an advanced stage, its development may be arrested by proper sanitary treatment.

Experience has proved that the greatest antidote for the white plague is pure, fresh air and a near return in the habits of life to nature, by the abandonment of many of the luxurious forms and methods of living associated with modern civilization. Living in the open air, without regard to the condition of the weather or the degree of temperature, has come to be universally recognized by medical experts everywhere as the best, and surest restorative to the afflicted, more effective by far than any compounded elixir known to medical science.

The crusade against the white plague throughout the United States is being prosecuted with vigor and on broad and costly lines. Last year \$14,500,000 was spent in the war. A similar amount was spent in 1910. The campaign is costly, but it aims to accomplish something more than mere control, or, in other words, the same practical prevention and eradication of the disease as has followed the wars waged by science and sanitation against smallpox, yellow fever and kindred plagues that have afflicted mankind.

Although New York is the largest contributor to the fund of the national association for the study and prevention of tuberculosis, there is probably no State in the Union where so much attention has been given to the rational treatment of the disease as in California. Indeed, every community in the State has been forced by conditions created by the attractions of its climate to adopt heroic methods in the defense of the lives of its own citizens. As the healthiest State in the Union, possessing the most equable climate, with its long, warm and dry summers, and its temperate winters, California naturally attracted the victims of tuberculosis from all parts of the country. The southern counties specially invited this class of sufferers, until a time was reached when they discovered that the very existence of the race there was menaced, and a halt was called on the practice of sending there those in such advanced stages of the disease as to be hopelessly incurable. The adoption of rigid sanitary ordinances, the establishment of open air hospitals and the enforcement of strict quarantine measures became necessary as means of self-protection. These protective expedients resulted, in a large measure, in demonstrating the priceless value of the open air treatment, and its appreciation has become so general that it is now manifested in almost every new dwelling erected, through the incorporation of the sleeping porch in its plan of construction.

Much progress has been made in the white plague crusade. Much good has been accomplished. Sufficient results have been attained to assure the final triumph of medical science and the complete subjugation of the dread disease. The progress made under the auspices of the National Association has been a good return for the cost of carrying on the work of stamping out the plague, and that this fact is generally recognized is proved by the announcement of appropriations of over \$10,000,000 having already been made by State legislators and other representative public bodies to combat the spread of tuberculosis during the year 1912.

Congressman Kent is opposed to remitting the tolls on American ships passing through the Panama canal, but he will probably vote for the remission of tolls when the matter comes up in Congress. That is the way he did when the resolution to abrogate the treaty with Russia was before the House. He "slammed" the Sulzer resolution in a letter to the San Francisco Supervisors and then voted for it. All the Congressmen from California, Kent alone excepted, is in favor of Congressman Knowland's bill to remit the tolls on American ships. Such a remission will aid in reviving American shipping and will be a great help to the producers and shippers of California, for freight from the Pacific to the Atlantic seaboard will be reduced precisely the amount of the tolls remitted. Kent seems to think this would be a calamity.

An Enemy of the Republican Party.

La Follette's appeal to the Northern Democrats to help elect him President is an extraordinary bit of assurance. He is seeking the Republican nomination, and at the same time is courting the favor of Democrats in the hope of getting their assistance in a bolting or third party movement.

The man is mad with ambition and egotism. He calls himself a Republican, but is continually attacking the record and principles of the Republican party. He is colluding with Democrats with intent, apparently, to run as a bolting candidate against the regular Republican candidate. He is willing to take a nomination from anybody or run on any ticket, or on any platform which antagonizes the principles of Republicanism. His desire to be President overmasters all other considerations.

La Follette sees that he has no chance of getting the Republican nomination, but is striving to make the election of the Republican candidate impossible. He does not fight the Democrats. All his hostile demonstrations are made against the policies and leaders of the Republican party. His idea, apparently, is to disrupt and divide the Republican party in the hope that party disaster will provide him with an opportunity. He has not a word to say against Judson Harmon, Woodrow Wilson, Champ Clark or Joseph W. Folk, but keeps up a running fire of attack on President Taft and the Republican majority in the Senate.

La Follette demands that the majority of the party submit to the dictation of the minority. He wants President Taft to step aside and allow him to take the Presidential nomination. Because the President declines to accede to this modest demand he is abused like a pickpocket. Because he cannot control it and make it the vehicle of his ambition he is charging the Republican organization with corruption and betrayal of the public interests. In short, Senator La Follette's attitude is that of an enemy of the Republican party and an ally of its traditional foe.

The Wisconsin Senator's chief object is to defeat President Taft. All his public utterances are directed to this end. He sees that President Taft is sure of being renominated, and his line of attack is to injure the President's chance of re-election. If the Republican party will not accept him as its leader and dictator he proposes to destroy it. Yet he has the audacity to call himself a Republican and to profess loyalty to Republican principles.

In the general growth of Oakland the district recently annexed has a large share. During the twelve months just ended nearly \$1,400,000 was expended in building construction in that section of

THE TEMPTATION OF ADAM

—ST. LOUIS GLOBE-DEMOCRAT.

the city. Nearly 800 new houses were erected and an enormous amount of street work done. A considerable amount was expended in street railway construction. When the projected sewer mains are laid there will be greater activity in the annexed district which will be tapped with the Key Route extension.

Gifford Pinchot says Roosevelt will not be a candidate for President. But Roosevelt is not making any such announcements, and his admirers are starting to boom him in half a dozen States. In Ohio, Nebraska and Kansas they are particularly active and are locking horns with the La Follette men.

The recent cold snap did no serious damage to the orange orchards. Some fruit was frostbitten, but the trees were not injured to any great extent. Smudging was so generally practiced that frost damage was largely averted. A few years ago such a sharp cold spell would have inflicted enormous injury on the citrus orchards, but orange growers have learned their lesson and Jack Frost's late visit found them well prepared for him.

As this is the beginning of a new year, one should endeavor to get started right. A good start is often half the battle. Many a man lost out because he didn't start right.

GERMAN AND BRITISH NAVIES

There was a most suggestive sequence between two items of news the other day. In the morning came from London the rumor that in addition to the usual naval appropriation of more than \$200,000,000 the British government was likely to make a naval loan of \$150,000,000 or more, because, it was explained, the campaign in Germany for naval increase there made it essential that Great Britain should show her determination to maintain the two to one standard of supremacy at whatever cost. In the evening of the same day came from Berlin a rumor that an increase of the German navy had been decided upon at a cost of \$80,000,000, to be expended during a period of six years. It is true that the former tale appeared in a journal whose relations with the Admiralty's present head are of the most remote and hostile kind, while the latter came from a news agency which is said to be "sometimes well informed." Nevertheless, both may be true.

It would, indeed, be not in the least surprising should Germany decide to spend \$150,000,000 a year for the next six years on new ships, seeing that she is now and has for some years been spending more than that for that purpose out of a total naval appropriation of nearly \$90,000,000 a year, nor would an addition of \$15,000,000 a year to the usual appropriation, if that is what the rumor means, be extraordinary. Of course, if Germany is to raise the extra \$90,000,000, it will be necessary for Great Britain to respond with the \$150,000,000 or more if she is to maintain the two to one standard. Apart from that, however, it has been discovered that the construction of the enormous super-Dreadnoughts and Dreadnought cruisers will necessitate the rebuilding of docks or the construction of new ones at enormous expense; probably sufficient to call for some such extra appropriation as that which is reported.

Not the least suggestive circumstance is that this rumor concerning the British navy arises just after the accession to the head of the Admiralty of a man who has been charged with coldness toward naval expansion, if not with an intention of checking naval growth; but yet the rumor is not therefore deemed at all incredible. The fact is that there are policies which cannot be changed with a change of ministry, and which new ministries, despite ante-election talk, do not desire to change.—New York Tribune.

CHANGES IN FLOWERS

It is a truly astonishing thing to reflect that Shakespeare, for all his love of flowers, would have been able to name scarcely a single bloom in a twentieth century garden, says the Strand. He would hardly have been able to distinguish the queen of flowers itself, so greatly has the rose changed in the last three centuries.

As for the begonias, the chrysanthemums, the dahlias, the geraniums, the fuchsias and carnations, these were unknown even to our great-grandfathers. Many of our most beautiful flowers are purely modern productions.

Three centuries ago there were no flower gardens in England. What were then thought of as gardens were herbaria, places where rosemary, mint, rue, thyme and sage grew, and perhaps a few primitive blooms, such as violets and primroses, were suffered to exist, much as poppies and cornflowers do today.

Many well-known plants have been developed from specimens discovered in various parts of the world, and there is no doubt that a number of charming novelties are still lurking undiscovered in remote spots. The chances of valuable finds are, however, becoming unfortunately less every year. A small army of collectors is always at work in every corner of the world searching for new treasures to enrich our floral store.

From South America came many years ago the recently unfashionable fuchsia; from the hills of Northern India and Tibet

A PROBLEM SOLVED

"Tell me, where is Fancy bred?" Thus Will Shakespeare vexed his head. Strange that such a brain as that William carried in his hat Could not see the answer plain To a questioning so vain.

There were maidens, I dare say, Like my Phyllis in his day— Maidens quite as sweet and fair, Maidens crowned with golden hair, Maidens full of whimsies coy Made to fill the heart with joy.

Maidens no doubt like Phyllis, who One and all could bake and brew; Who could make a cake for tea Just as easily as she— When for Fancy Bread I pine Phyllis's will do for mine!

If you don't believe this true I can prove the same to you— I've a loaf of her design Made for me in nineteen-nine— And I'll wager it is the Fanciest you ever see!

Now that the excitement and rush attending the holidays are over and we will have an opportunity during the long evening hours to catch up with the many new books which have recently appeared, "Queed" seems to be attracting as much attention as "Barbara Worth" and "The Iron Woman" while "The Harvester" still excites big demand.

The past season has produced more real good books than ever before in the history of the book world, and it is a great boon to readers of fiction to be able to get all these late books for a 10-cent fee from Cooper's Library, now located at 437 Fourteenth street, just opposite the Central Bank. A list of all the new books will be sent on application and a cordial invitation is extended to all book lovers to join.

20 YEARS AGO IN OAKLAND

Among the predictions made by a large number of citizens is that of John Martens who believes that the local railroad tracks will be changed from Seventh to First street.

Mr. and Mrs. E. H. Forester have issued cards announcing the marriage of their daughter, Miss Rowena Forester to John Franklin Campbell on Wednesday, December 23.

The wedding is announced of Miss E. May Visa Wheeler, daughter of Thomas Wheeler of this city and Jesse Warren Churchill of Yreka. The wedding will take place in February.

Mrs. Varney W. Gaskill entertained her aunt, Mrs. Austin Smith of Denver on Wednesday afternoon. The ladies present were: Mrs. John Crellin, Mrs. D. W. C. Gaskill, Mrs. A. W. Bishop, Mrs. L. H. Porter, Mrs. John Russ, Mrs. C. D. Pierce, Mrs. Bartholomew, Mrs. J. C. Martin, Mrs. Robinson, Mrs. R. C. Gaskill, Mrs. W. W. Cameron, Mrs. Minnie Stewart and Miss Jennie McCormick.

In spite of the inclement weather Tuesday evening, the home of Mr. and Mrs. W. F. Pierce, 1339 Harrison street, was the scene of a bright gathering of some of Oakland's prettiest children. The occasion was a tissue party given in honor of little Mabel and Hazel Pierce.

Edward Clark had a balky horse when he was out riding the other day and the steed pulled up short at Fourteenth and Market street and refused to budge an inch. He beat the animal over the head and the officers of the Humane Society arrested him.

A certificate of the bonded indebtedness of the Blue Lakes Water Company, a corporation with its principal place of business in Oakland, has been filed with

the County Clerk showing a bonded indebtedness of \$5,000,000.

M. J. Keller, president of the Oakland Board of Trade has sent out a circular letter in which he urges an increase in membership of the organization during the coming year.

Miss Winnifred Greeley and Miss Greyce Smith, assisted by Miss Emma Paulsen of San Francisco, entertained friends at the former's residence, 562 Thirty-first street.

Alcatraz Lodge No. 244 of the Masons installed officers last Saturday as follows: C. H. Reddington, master; W. M. James, past master; B. Wilson, S. W.; Alvin W. Baker, J. W. Daniel Robertson, treasurer; John C. Gohrman, secretary; H. A. Higgins, H. D. and J. W. McDonald, J. D.

The county Board of Education held a special meeting this afternoon. Directors F. M. Campbell and W. F. B. Lynch and Superintendent Frick granted Grammar grade certificates to the following: Algie M. Tennen, Alameda; Marie L. McDermott, Piedmont; Pauline Marshall, Oakland; Erskine E. Esdon, Livermore; Lima Carter, Oakland; Maybell N. Elzy, Oakland; Mary A. Neylan, Oakland.

The tongues of the gossips in Washington Township are wagging and the heads of the old men are nodding. There is something to talk about besides the weather, the crops and the stock for the village blacksmith of Centerville has run off with the village heiress and married her.

The County Infirmary has been greatly overcrowded during the last month. After the meeting of the Supervisors yesterday an informal talk took place between the members. They are expecting to build a brick addition to the infirmary building.

HEARST BANQUET PLANS COMPLETED

Many Prominent Citizens Will Greet Distinguished Editor Tonight.

SAN FRANCISCO, Jan. 2.—The committee in charge of the Hearst banquet, which is to be held in the Palm court of the Palace hotel tomorrow evening, held its final meeting today for the purpose of completing the details for the elaborate function, which has been given by the distinguished editor by the directors of the Panama-Pacific international exposition in return for the splendid services rendered the 1915 project.

Yesterday's mail brought 86 requests for reservations, and the exposition clerks spent the day mailing seat cards to the invited guests. Thus far more than 400 have responded and it is expected that by tomorrow evening the list of guests will number more than 600.

The committee in charge of the banquet has arranged to tender Mr. Hearst a reception in the ballroom of the hotel at the close of the banquet. This plan is being carried out in order that the residents of this city may have an opportunity of meeting the guest of honor. President Charles C. Moore and a special committee will introduce the guests to Mr. Hearst.

PROMINENT MEN TO SPEAK.
Among the speakers at the banquet will be Mr. Hearst, who is expected to give his ideas on the appropriateness of holding a celebration in honor of the completion of the Panama canal. President Charles C. Moore will tell of the plans of the directors and the work that is before them. Mr. H. Robbins, Jr., president of the San Francisco chamber of commerce, will welcome Mr. Hearst on behalf of the business men of the community, and former Lieutenant Governor William T. Jeter will speak on behalf of the people of the interior of the state.

The plan court will present a holiday appearance with garlands of greens, holly berries and palms. One of the attractive features of the beauty of the palm court is the model of the memorial statue which the directors of the exposition have ordered and which will undoubtedly be erected in the Lincoln Park portion of the fair site.

A REPRESENTATIVE GATHERING.
The list of guests will represent the leading citizens of this city and surrounding sections. The mayors of nearby cities will form a guard of honor to Mayor-elect Rolph, who will be present as vice-president of the exposition. The banquet promises to be one of the notable ones of the year.

The committee of arrangements consists of M. J. Brandenstein, W. T. Sesson, John Rothschild, Frederick J. Koster and Dr. Guillo Cagliari. Director John A. Britton is chairman of the reception committee, which has among its members James McHugh, Lippman Sachs, Alexander T. Vogelsang, William C. Ralston, Phil T. Clay, A. Cagliari, Frank L. Brown, Andrew M. Davis, E. O. McCormick, A. P. Glanville, M. A. Gunst, D. Ghirardelli, Louis Sloss, M. A. Robbins, Jr., Colonel Geo. H. Rippey, Rudolph H. T. Old, John Barnson and Alfred L. Esberg.

FOREIGN MISSION FINDS DECREASE

World's Contributions Show a Falling Off of \$175,000 in a Year.

NEW YORK, Jan. 2.—Gifts to foreign missions in 1911 by Protestant Christians throughout the world, as tabulated by the Missionary Review, show a decrease over the preceding year of \$175,000. North America shows a total appropriation of \$12,300,000, nearly half of the grand total of \$25,800,000. Great Britain gave \$9,000,000. The missionary society having the largest income of all is an American society, with headquarters in New York. Of the five societies in the world having incomes exceeding \$1,000,000 a year each, four are American. The five are: Methodist-Episcopal, New York, \$2,300,000; Church of England, London, \$1,900,000; Presbyterian, New York, \$1,700,000; Baptist, Boston, \$1,100,000; Congregational, Boston, \$1,000,000.

BREAKS PAROLE.
SACRAMENTO, Jan. 2.—Oscar I. Van Doran is wanted by the authorities of Indiana for having broken his parole in that state one month after having been released from the state penitentiary. The requisition of the Governor of Indiana was received in the capital yesterday and will be acted upon today.

Women of Greater Oakland Welcome This Great January

White Sale

OAKLAND STORE

Hale's
GOOD GOODS

OAKLAND STORE

Hale's Great White Sale has proved the worth of months of market searching. Hundreds of women thronged the departments today. With White Sales predominating, comparisons are certain. The heavy purchasing today proves the merit of "Hale" values. A great varied stock at lowest prices awaits you at Hale's.

The Undermuslins

Women's Gowns—50c, 79c, 89c, 95c,
1.19, 1.45, 1.95 up to 8.00

The mere fact of having such a quantity as to give this price range makes it a certainty that you will find garments individually satisfactory. Materials of good muslin, cambric or fine nainsook. Styles show high, round, "V" or square necks, long or short sleeves. Various trimmings of lace, embroidery and insertion. Garments from plain styles to elaborately trimmed and exquisitely finished gowns.

Women's Skirts 79c, 95c, 1.19, 1.59,
1.95, 2.45 up to 7.50

Here, too, the variety is surprising in extent. Skirts of good quality muslin or cambric, with deep flounces effectively trimmed with lace or embroidery or with clusters of fine tucks. These skirts are cut full width, and at every price they have dainty ruffles.

Women's Drawers 19c, 25c, 39c, 50c,
75c up to 2.00

Prices run lower than usual, but the qualities will be better—much better—than you would expect. A great variety of styles here in nainsook, cambric or muslin, cut full and well made. Some styles have deep ruffles with trimmings of lace or embroidery; other styles with hemstitched hems and fine tuck clusters.

Extra Size Garments for Large Women

A feature of Hale's White Sale is the particular attention paid to securing extra size garments, cut full in large sizes. Large women will find a particular section devoted to filling their needs. The assortment includes:

Gowns at 1.00, 1.25, 1.50.
Drawers at 50c, 75c, 85c.
Skirts, 1.25 and 1.50.

The Children's Miniature White Sale

As carefully prepared an event as the sale for the elders, offering desirable merchandise at such a small expenditure as to make it almost a waste of time to make the children's garments at home.

10c Children's drawers, ages 1 to 12 years. Waists, ages 1 to 5 years. Combination Skirt and Waist, ages 1 to 3 years.

15c Drawers, ages 2 to 12 years. Waists, ages 1 to 5 years. Single Skirt, ages 2 to 10 years.

Corset Covers, 19c, 25c, 39c
50c, 75c up to 2.00

Innumerable pretty styles, with dainty yokes of embroidery or lace, some having beading run with ribbon, the neck and armholes trimmed to match. The covers are of cambric or nainsook, both plainly and elaborately finished in most all the prices.

Princess Slips, 1.00, 1.25
1.50, 2.00 up to 5.00

Slips of choice materials, in a number of dainty styles, and beautifully trimmed with lace or embroidery, the trimmings being unusually effective in the medium priced garments.

Combinations 1.00, 1.25, 1.50,
2.00 up to 4.50

Ever popular garments, that find splendid representation in this sale. The corset covers and drawers are of cambric or nainsook, many styles effectively trimmed with lace or embroidery—many "prattified" with beading and baby ribbon.

Embroideries

First Big Sale of Beautiful 1912 Embroideries

10c Cambric and Swiss insertions and finished bands—all showy patterns rather than the finer weaves. The bands come up to 3 inches, the edges run as high as 8 inches.

15c Embroideries, with edgings to 11 inches, and 800 yards of corset cover and flouncing embroidery running up to 17 inches wide.

25c A splendid lot of flouncing and corset cover embroidery in 17-inch widths, in splendid, striking patterns. Also imitation baby Irish bands and finished galloons—matching in patterns many of the flouncings found in this sale at 33c.

33c Better patterns of the 25c embroideries, the workmanship being much the same. And a great many 17-inch to 20-inch corset cover and flouncings in all-over patterns—the 4-inch and 6-inch bands and galloons to match being in the 25c assortment.

48c A fascinating yardage of showy beautiful flouncings in 27-inch and 45-inch widths, in large open patterns. And all-overs in 20-inch widths. A great pattern range here, including small, dainty floral and conventional designs as well as the larger ones.

65c All-overs and flouncings in practically the same widths to be found in the 48c lot, but a better grade of materials and somewhat better finished.

98c Many 45-inch flouncings, with hemstitched edges, in extremely lacy patterns, many of which are new this year. A splendid but not a very large assortment at this price.

1.50 Elaborate lace-like patterns in 27-inch flouncings, in an infinite number of new and former season favorite patterns. Some 45-inch flouncings trimmed with lace.

OAKLANDER SPEAKS AT NATIVE SONS' RECEPTION

SANTA ROSA, Jan. 2.—More than 100 pioneers, who came to California between 1847 and 1850, gathered at Native Sons' hall yesterday at a dinner given by Santa Rosa Parlor. One of the oldest was James McChristian, who was on the old plaza in Sonoma in 1846 and witnessed the unfurling of the bear flag. The pioneers listened to an address by Major Sherman of Oakland, Thomas F. Hutchinson, Dr. Jackson Temple and B. A. Long composed the committee on arrangements. One hundred Native Sons formed the reception committee.

POSTMASTER JAILED FOR AN ALLEGED SHORTAGE

WARDNER, Idaho, Jan. 2.—W. S. Brainard, the postmaster here whose funds were reported \$676 short by Postoffice Inspector Fullinwider last week, was arrested shortly after noon yesterday by Deputy United States Marshal William Schulda of Lewiston on a charge of embezzlement of postal funds. The complaint was signed by Fullinwider and charges the embezzlement of the full amount of the alleged shortage.

Inspector Fullinwider is expected here to check up the office and to formally turn it over to Ellis. The latter was postmaster for five years and was succeeded by Brainard. The arrest was precipitated by the action of the bondsman last night when, following a meeting, the postal authorities were notified that Brainard would be supplemented by Ellis.

RUSSIANS DEMAND RETRACTION OF STORY

SACRAMENTO, Jan. 2.—Members of the Russian colony near Los Angeles have forwarded a petition to Governor Johnson asking him to take steps to compel the newspapers of Los Angeles to retract the story printed several days ago to the effect that the Russians were selling their daughters to the highest bidders like sheep.

The petitioners declare they are not engaged in the ancient Russian custom of selling their daughters into marriage, and that the statements to the contrary are untrue, insulting and dishonest. The story grew out of a court proceeding in which a young woman declared that her parents were seeking to sell her into marriage with a man whom she had never seen.

\$300,000 WAGE INCREASE FOR BOSTON UNION MEN

BOSTON, Jan. 2.—Thirty-one hundred Boston trade unionists are beginning the year 1912 with wage increases or trade betterments that will net them \$300,000 in a year. Although eight different industries are affected, not one strike was necessary, the unions having in almost every instance arbitrated the questions with the employers.

HONOR FOR REMINGTON.

NEW ROCHELLE, N. Y., Jan. 2.—This town, the home of the late Frederick Remington, will honor the dead sculptor and painter by naming for him the union railroad station now being built here. There is also under way a project to erect in the station square a monument and statue of the artist.

SALT LAKE NOW RUN UNDER THE CHARTER

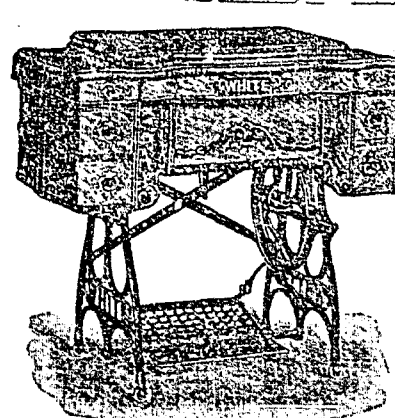

SALT LAKE CITY, Jan. 2.—Salt Lake City passed under the commission form of government yesterday, when Mayor Samuel C. Park and four Commissioners went into office. Five holdover Councilmen, whose terms did not expire December 31, were registered out of office by the change to the commission form of government. It is possible they may institute suit against the city for salary from January 1 to the end of the terms for which they were elected.

WIFE OF WEALTHY MAN HANGS HERSELF

SAN BERNARDINO, Cal., Jan. 2.—Mrs. T. B. Leavens, wife of a wealthy orange grower at Highland, committed suicide in her ward at the Patton hospital for the insane yesterday, where she had been a patient about a year. She had wrapped a sheet about her neck and tied the other end to the bars of the window, and then pushed the bed from underneath her. Mrs. Leavens was a native of Lansing, Mich.

MINISTRY IS PUZZLE.

CONSTANTINOPLE, Jan. 2.—Said Pasha, the grand vizier, has not yet been able to form a new ministry to take the place of the one which resigned last Saturday. A dissolution of the chamber and a new selection of deputies is regarded as inevitable.

DETECTIVE WIFE TRACKS HUSBAND

Mrs. Georgen, Magazine Contributor, Causes Arrest for Infidelity.

ST. LOUIS, Jan. 2.—Mrs. Ida Glenn Georgen, private detective, magazine writer and business woman, set in the Court of Criminal Correction and saw her husband and another woman fined for living together as man and wife.

It was Mrs. Georgen's training as a detective that enabled her to track her husband, Philip C. Georgen, and Mrs. Julia Schreave of Valle Park. She also collected most of the evidence to prove that they were together at 1902 Olive street.

They pleaded guilty. Mrs. Schreave was fined \$100 and was paroled on her payment of \$22 costs and her promise to return to Valle Park and have nothing more to do with Georgen.

Georgen was fined \$100 and sentenced to a year. His father, C. J. Georgen of Calumet, Minn., arose in court and pleaded for his son, saying that if the workhouse sentence was withheld he would pay the fine and take Georgen home with him. His request was granted and Georgen was paroled.

Mrs. Georgen, handsome and of refined appearance, was in striking contrast with Mrs. Schreave as they sat opposite each other in the courtroom. They avoided looking at each other and Mrs. Georgen gave no sign of recognition when her husband's eyes met hers.

Mrs. Georgen has filed a divorce suit, alleging infidelity and desertion. Since her husband left her, she says, she has had a varied career. She was a time buyer for a St. Louis department store.

She went to San Francisco, she says, and was a private detective there for about six years. Her experience in Chinatown gave her material for magazine stories.

Georgen came to St. Louis December 6, trailed her husband, sat behind him in a Wellston car and followed him to the Olive street house where she had Mrs. Schreave arrested. Georgen was arrested the next day.

Jacobs, who today is to wed Henry K. Zeimer. Many handsome gowns were worn at the tea, which was elaborately appointed.

SERIES OF ENTERTAINMENTS.

On Wednesday afternoon Miss Theo Spaulding will entertain informally at her Alameda home, making Miss Caroline Hall the guest of honor. About a score of the younger matrons and girls have been hidden to the affair. On the following day Miss Sue Wheelock will entertain at bridge in honor of the popular bride-elect. The wedding of Miss Hall to Alan Daniels Field will take place on January 15, and will be an elaborate home ceremony.

FAREWELL AFFAIR.

With Mrs. A. T. Mears as the honored guest, Rev. Charles Leon Mears and Mrs. Mears kept open house yesterday at their home in Alameda. Several hundred guests bade farewell to the visitor, who will leave within a few days for her own home in Seattle. Assisting the host and hostess in the receiving party were Mrs. George W. Scott, Mrs. George A. Moore, Mrs. George H. Fox, Mrs. H. F. Dexter, Mrs. F. N. Eckley, Mrs. H. C. Bennett.

New Year's Resolutions

(Copyright, 1911, by Lillian Russell.)

By LILLIAN RUSSELL

FIRST—I resolve to accept the experiences of the last year as a lesson for my uplifting.

Second—I resolve to continue to study and work for the betterment of humanity.

Third—I resolve to be thankful for my friends and my enemies and glory in their inspiration.

Fourth—I resolve to be fearless in stating the truth; to be generous in judgment and penurious in condemnation.

Fifth—I resolve to seek the godliness in every one with clear vision; to enjoy the belief in the goodness of the world to love God's children and know that I am one of them.

Sixth—I resolve to bear in mind that I am but a messenger to carry on the good work started one thousand nine hundred and twelve years ago.

The use of soap is of the greatest importance to beauty, as it is almost impossible to dissipate the oil and dirt which coats the body daily without the use of an alkali. One must be careful, however, to use a mild alkali, as too much is harmful. This is the reason that the best toilet soaps are made of soothing oils.

A delicious mixture can be made for the face and hands instead of the regulation cakes of soap: Orange flower water, one quart; tincture of orris root, one ounce; oil of bergamot, one dram; oil of cinnamon, one dram; oil of lavender, one-half dram; and powdered castile soap, one-fourth pound.

Mix all this together, put in a large bottle and use as you do ordinary soap.

I do not use a face brush myself and think unless the skin is thick and colorless the face brush is too harsh. But I have never been troubled with acne or blackheads. If the skin is thin and fine it should be rubbed only with the hands—not even a wash rag should be used—and rinsed with cold water, in which there is a dash of rosewater or orange flower water. Ice is a fine method of strengthening tissue when put in a linen cloth and rubbed gently over the skin, always rubbing upward toward the eyes.

In rubbing the neck one must be careful not to rub lines into it, therefore rub gently from the back of the ears, giving much attention to the space back of the ears, as wrinkles come there quickly and look badly to the student of beauty, as they show neglect, and neglect means laziness.

No woman should neglect to keep herself perfectly clean; a plain woman can make herself attractive when clean, delicately perfumed and beautifully dressed.

Remember: It may require some time and trouble, but it always pays to be clean.

For callous on the bottom of your feet soak them for ten minutes in hot soapy water, then take a piece of pumice stone in its natural condition and gently rub the spots. During the day a pad should be worn, or it should be kept soft with cold cream. Continue this treatment for a few weeks and you will find a great difference in the callous.

IRENE W.—For excessive perspiration bathe the affected parts in warm water. One or two drams of diluted alcohol or alum is useful wash. Dry powders dusted on the surface are often effective. The following is a good powder to dust on: One ounce powdered alum, two ounces powdered orris root, and two ounces powdered rice.

ACHIEVEMENT SALE

OF THE NEWEST INVENTION

NEMO

TRIPLE-STRIP

AUTO-MASSAGE SELF-REDUCING

THE purpose of this Sale is to introduce an epoch-making invention, great in importance and far-reaching in effect—a genuine Corset achievement.

The new NEMO "AUTO-MASSAGE" SELF-REDUCING CORSET not only reduces the figure by a comfortable readjustment of the flesh, but actually *reduces the flesh* by scientific massage. This is accomplished by a new adjustment of the Self-Reducing Straps in combination with other newly-patented devices.

This is not a new theory, but simply the successful application of a *scientific fact*, well known to every physician and hygienist—that the persistent movement of the body against steady pressure will not only prevent the formation of fat, but will cause fatty tissue to be re-absorbed and removed when already formed. It is a perfect substitute for hand-manipulation by a skillful masseuse.

The truth of our original claim that the Nemo Self-Reducing Corset positively reduces the abdomen has been proved beyond question. Millions of women who have worn and still wear these corsets are convinced of this.

The new NEMO "AUTO-MASSAGE" SELF-REDUCING Corset represents the highest perfection of the original Nemo Self-Reducing Idea; but it goes further—it causes the absorption of fat, thereby actually decreasing the deposit of fatty tissue and materially reducing both the weight and size of the figure in a comparatively short time.

Detailed description of this new device and its hygienic action is impossible in this space; but the picture shows its inevitable effect—symmetrical figure-reduction never before possible, with the highest degree of comfort ever enjoyed by women of full form.

OAKLAND'S BOYS AND GIRLS

SCOUT ACTIVITIES TO BE RESUMED SOON

The boy scout activities will be resumed after the classes in the local public schools are re-organized. Prof. F. V. Updegraff, who has been instrumental in arousing enthusiasm in the scout movement in the schools and churches of the bay cities will continue the work. In an interview recently he stated that he was encouraged with the results of the scout camp of the drills and walking excursions which were conducted last year.

Plans will be laid for the future work of the scouts at the first state conference of the scout masters which will be held January 5 and 6 in the Columbia Park club house, San Francisco. The principal speakers at the convention will be Sidney Pixlote, L. H. Wolf, Pacific Coast secretary of the Playground Association; George E. Dickey, superintendent of the playgrounds of Oakland; and Eugene T. Pixlote, Dr. David Starr Jordan, third vice-president of the National Council of boy scouts, will deliver an address at the banquet, which will close the convention Saturday evening. Sidney Pixlote will act as toastmaster.

JOCKEY LEW TELLS OF WARNING

Declares He Told Miss Williams That Joslen Was a Married Man.

Jury Takes Hand in Questioning Witnesses at Today's Hearing.

SAN FRANCISCO, Jan. 2.—Jurors sworn to try Otto C. Joslen, accused by Ethel Williams, a pretty candy girl, this morning took a hand in the examination of witnesses. It is a rare thing for jurors to take such an interest in proceedings that they will ask to have certain points cleared up and certain definite facts brought out in connection with the evidence being submitted. This morning Attorney Samuel Shortridge, in interrogating the complaining witness, failed definitely to fix the time of a certain particular conversation and Juror Quayle promptly interrupted and put the query himself to the young woman on the stand. Another juror was forced to repeat the request that women witnesses remove their hats. Accordingly Merle Weaver, another candy girl, appeared bereft of her headgear and the jury carefully watched the play of emotions upon her countenance.

The first questioned this morning was A. C. Lew, a former rider known as "Jockey Lew," and he told of having warned Miss Williams that Joslen was a married man and also of having seen her go into Teichau's tavern with the plaintiff. He denied positively that the only time he had approached the girl was on Market street, that she had told him to leave her or she would call a policeman.

Miss Williams, on taking the stand, was asked by counsel if she had brought certain presents with her which had been given her by Dr. Joslen; but she had not, and was ordered to have them in court at the next hearing. She could not tell how much money the defendant had given her, and denied that she had told Merle Weaver that he was her uncle on one occasion, and again that she was not jealous of Dill's chorus girls, and didn't care what the doctor did so long as she had plenty of pretty things to wear. Merle Weaver, being recalled, when questioned by Shortridge, contradicted Miss Williams and declared that the alleged conversation had taken place.

Sues Husband for Alleged Beating

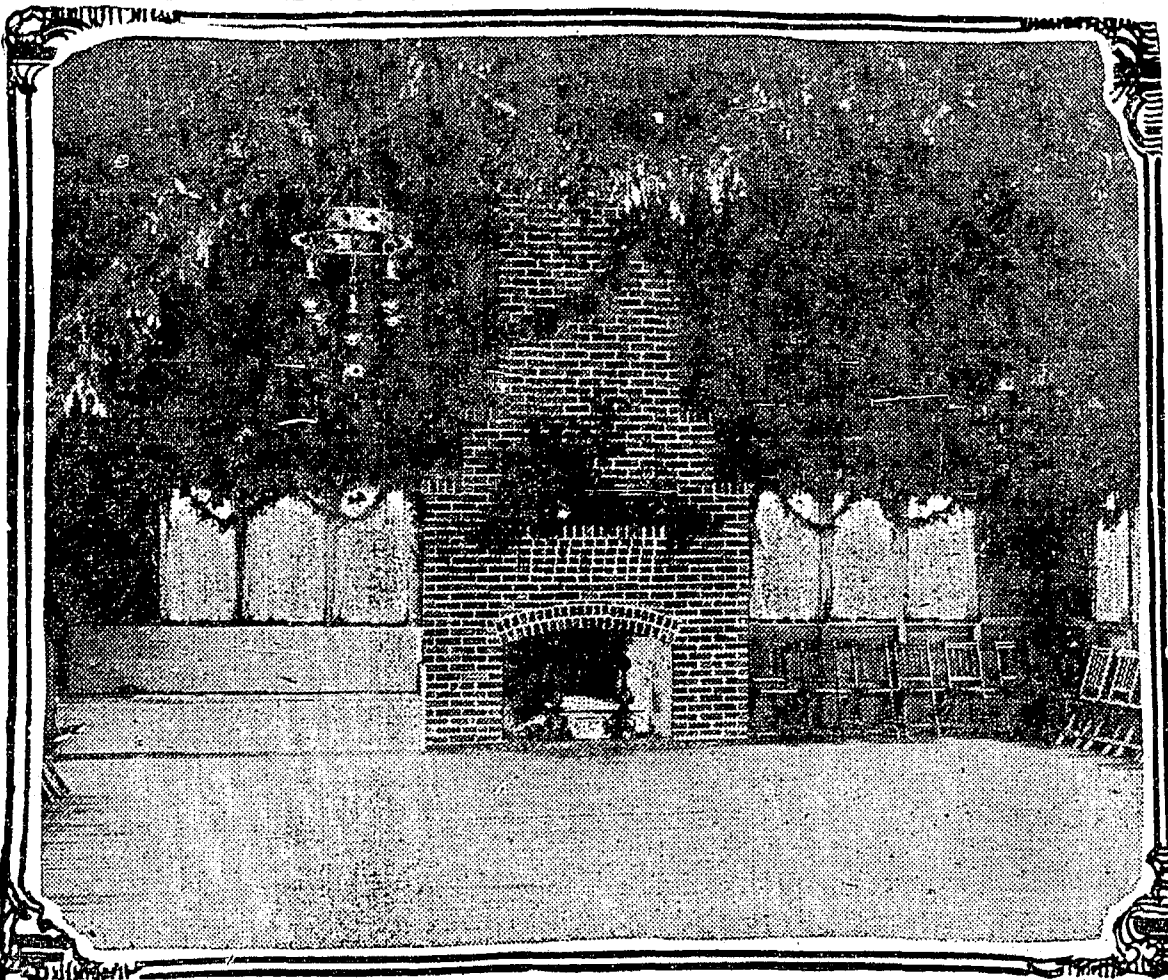

SAN FRANCISCO, Jan. 2.—When Arthur H. Retslog, a witness for the defense in the trial of Otto C. Joslen was testifying last week, he spoke with some feeling of a divorced wife and her adopted daughter to whom he, Retslog, did not wish insurance to fall should anything happen to him. This he gave as the reason for making his policy in favor of Ethel Williams.

Today Miss Anita Retslog, his former spouse, began a damage suit against him for \$299.99 for an alleged beating which she claims was administered by him on February 27, last, in his office at 34 Ellis street. She complained that Joslen phoned to her at her home, 1224 Geary street, and promised to pay her some rent and money which he had borrowed. She says that when she appeared, he locked the door, beat and kicked her, and that other persons near by hearing her screams, went to her rescue.

PORCH CLIMBER GETS AWAY WITH JEWELRY

SAN FRANCISCO, Jan. 2.—A daring porch climber ransacked the upper rooms of the residence of A. C. Roos, 1269 First avenue, last night. Diamond rings, valued at \$375, were taken.

CLAREMONT CLUB BUILDING IS A MODEL OF FINE ARCHITECTURE
CONVENIENCE, COMFORT AND TASTE APPARENT EVERYWHERE

Winter Season to Be an Important One Socially

The newly completed club house of the Claremont Club is attracting much attention. It is built on Hillside avenue and is a large three-story frame structure with spacious assembly and banquet rooms on the lower floor. On the second floor are delightful tea and lounge rooms and a cozy smoking room, and the third floor is also fitted up with all the modern comforts.

The cost of erection was in the neighborhood of \$12,000, most of which was subscribed by seventy-five charter members. One of the many artistic features is a large old-fashioned fireplace around which are held many jolly informal gatherings. At the recent brilliant house-warming and reception, followed by a dance, the interior decorations brought forth many expressions of admiration from the guests who taxed the club's capacity to the utmost. Nearly 1000 were accommodated. Mrs. H. W. Taylor, whose home is near the clubhouse, has been appointed president.

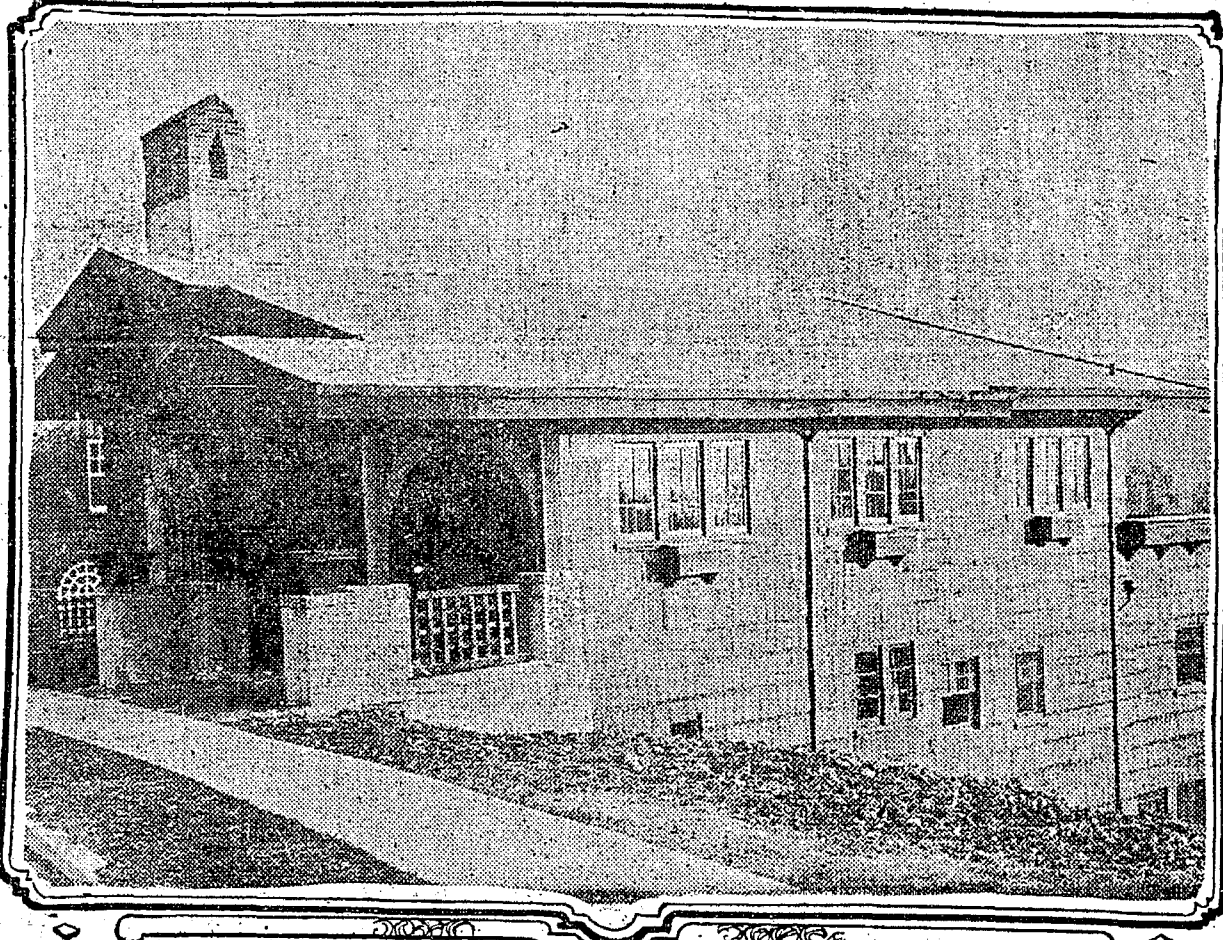

A series of affairs will be given by the club members during the season, which promises to be a brilliant one for the remaining months.

VACATION ENDS; SCHOOLS REOPEN

Added Accommodations Somewhat Relieve Crowded Condition of Rooms.

The doors of the public schools, which have been closed for the past three weeks for the Christmas vacation, re-opened this morning, and hundreds of boys and girls registered in the various institutions. The high schools, as well as the grammar schools throughout this city, are filled. The registration today was heavy. Accommodations have been made for the comfort of the students and much of the congested condition that existed last term has been relieved by the erection of additional rooms and temporary schoolhouses.

Bids will be opened this afternoon at a special meeting of the board of education for the purpose of ascertaining the lowest figures on proposed school buildings, which will serve until permanent structures are built.

SEEK SLAYER OF ALAMEDA MAN

Police Certain That Joseph Gionarola Was Victim of Murderer.

Dented Hat Found Underneath Steps of Burned Shack On Marshes.

ALAMEDA, Jan. 2.—The murder theory in the case of Joseph Gionarola, who was burned to death in his shack on the Alameda marsh, is considerably strengthened by additional light lent by Amelio Gionarola, a son of the victim, who came from Point Richmond today and who made statements to Deputy Coroner C. H. Weaver and to the police department. The son asserts that his father was in the habit of carrying a large amount of money with him and always had in his pockets from \$50 to \$100 or over. He also says that his father slept with a revolver under his pillow to protect himself against possible attack from robbers or enemies. No trace of the money Gionarola was supposed to have on his person has been found in the ruins of his cabin.

Detective Charles Keyes, detailed on the case by Chief of Police John Conrad, has learned that Saturday, a few hours preceding the fire, Gionarola was in company with Joseph Martiello Jr., of 1608 Sixth street. Young Martiello declares that he and Gionarola went to a nearby vegetable garden to make a call

KNOWLAND TO LEAD TAFT FORCES

Congressman Will Represent President in Fight for Renomination.

Plan Is for Distinguished Alameda to Take Charge in This State.

WASHINGTON, Jan. 2.—Representative Joseph R. Knowland will be selected as the leader of the Taft forces in California if plans now being considered at the White House are carried out.

For some time the Administration has been casting around for someone in California to take up the task of solidifying the Taft sentiment. A number of names have been considered, but it is now practically settled that Knowland is to be the choice.

Beginning with the new year, the Administration will vigorously begin the preliminaries of the National campaign. Despite the present insurgent condition of California, the President and his advisers are hopeful of being able to turn the tide on national issues. By no means is the State to be given up as lost.

Knowland will act as the intermediary between the Taft campaign headquarters in this city and the Taft sympathizers in California.

President Taft is known to have no illusions about the California situation. He has fully made up his mind to fight out his preconception battle to a finish and will make California one of the storm centers.

The shadow of Roosevelt is the most disturbing element in the situation just now from the administration standpoint. None of the President's friends attempt to conceal his fear of the Rooseveltian undercurrent.

WAR ON SQUIRRELS.

SAN JOSE, Jan. 2.—Despite the trenchment order issued from Washington, L. K. Marshall, squirrel inspector in Santa Clara county, has received word from the public health and marine hospital service to continue the campaign in this section. Marshall stated yesterday that the work will be prosecuted with renewed vigor, and that it is expected there will not be a squirrel left in the valley when the campaign ends.

TRACES WIFE AT COST OF \$23,000

Millionaire Snead Overcomes All Obstacles in International Diplomacy.

Spouse Refused to Give Up the Man With Whom She Eloped.

WINNIPEG, Jan. 2.—The story of how J. B. Snead, millionaire Texas banker, after tracking his wife a thousand miles and spending \$23,000 in the search, overcame all obstacles in international diplomacy, was revealed today when it was announced that his wife and her admirer, Albert G. Boyce of Seattle, son of the cattle king of the southwest, would be deported from Canada as undesirable persons.

According to Boyce, the charge of grand larceny is one trumped up to extradite him, and he claims that it could never be proved. The Texas authorities, it is said, contend that Boyce persuaded the woman to give him her jewelry, valued at \$20,000, but no trace of the jewels could be found here, and both prisoners, who were guests at a fashionable hotel, refuse to state what became of them.

Final action in the case will be opened in Minneapolis, Wednesday, when the wife will be confronted by her two children, her mother and her sister. Yesterday the husband had an interview with Mrs. Snead, but it is said she declared she would not return with him.

Snead said he wanted to take his wife back with him, regardless of the past. The woman claims that she was incarcerated in an asylum and that Snead did not give her a chance to explain. She says that she wants her children, but that her love for Boyce is so great that she is willing to give them up for him.

FIVE-YEAR SENTENCE FOR FOUR-BIT HOLDUP

STOCKTON, Jan. 2.—George Donald, a former engineer in the employ of the Western Pacific Railway Company, who pleaded guilty to holding up an Italian laborer on the street and robbing him of 50 cents, was sentenced by Judge C. W. Norton today to serve five years at Folsom.

Lecture of Dr. H. J. Campbell
London Theologian, to
Be Heard by Many.

religious and educational circles center about the visit to this city of the Rev. Reginald J. Campbell, D. D., of London, who is to deliver a lecture under the auspices of the T. Earl Foundation of the Pacific Theological Seminary in the First Congregational church, at Dana and Duran streets, tomorrow evening.

Dr. Campbell is pastor of the City Temple, London, where he succeeded the Rev. Joseph Parker in 1903. He was born in London in 1857 and graduated at King's College, London, and at Christ church, Oxford, where he pursued with honors special studies in modern history and political science.

The seminary authorities here have not yet been informed as to the subject of Dr. Campbell's address.

MINISTERS HEAR GYPSY SMITH

**Evangelist Delivers Address to
Pastors at Special Meet-
ing Monday.**

SAN FRANCISCO, Jan. 2.—A special meeting for ministers given yesterday by Gypsy Smith, the evangelist, attracted many pastors from this and neighboring cities. In part he said:

"You must preach a full gospel. There is no blood in your gospel you only aggravate the hurts of humanity. It is an insult to a crying, hungry, lost soul to preach anything but the atoning death of Jesus Christ.

"It is astonishing how much young people leaving college think it is a sign of superior wisdom to talk about the things they do not know.

"There are members of your church

ing in the Young Men's Christian Association auditorium.

**INQUEST THURSDAY IN
THE GIONABOLA CASE**

ALAMEDA, Jan. 1.—An inquiry into the circumstances surrounding the death of Joe Glonardo, commonly known as Joe Mella, who perished early Sunday morning when his shack was destroyed by fire, will be held at the Alameda branch morgue Thursday morning. The charred remains of the old man were taken from the ruins of the building a day after the fire. The body was turned over to the morgue by Deputy Coroner William Gehrens. The inquest will be conducted by Judge J. J. McLaughlin.

TO GIVE PRIZE
FOR SCHOLARSHIP

Mount Diablo High School
Alumni Offers Money and
Medal Awards.

CONCORD, Jan. 2.—A scholarship prize for the highest study average made by any pupil of the Mount Diablo high school has been announced by the alumni association of the school. The prize will be one of \$50, and will be given to the pupil making the highest scholarship record during the first three years of the course. The first prize will be awarded next August. The association will also give a gold medal to the senior making the best scholarship during the last year at school. The first medal will be given in May, 1912.

At the last meeting of the alumni association an election of officers was held when Rex Boyer of Martinez was chosen president of the organization; Miss Helen Smith, secretary-treasurer; Miss Edith Bolman of Concord, vice-president; and Mrs. Benjamin Wiget and Miss Bernice Randall of Concord, members of the executive committee.

FINAL PASSAGE
OF LAW DELAYED

Business Men Invited to Dis-
cuss Proposed License
Ordinance.

HAYWARD, Jan. 2.—The new license ordinance it was planned to pass into effect January 1 will not be enforced until the close of the first quarter next April. Mayor Charles Hayes stated this morning that delegations from the Hayward Chamber of Commerce and the Hayward Mercantile Association have been invited to be present at the next meeting of the town trustees, when the new instrument will be read for the second time before being passed to print.

A special judiciary committee has made a careful perusal of the ordinance which will tax business enterprises and professions heretofore exempt. It is for the purpose of securing the views of representative business and professional men that the above mentioned organizations have been invited to give their opinion in the matter. Little opposition to the proposed ordinance is expected. The entire board of trustees is understood to favor its passage.

The ordinance was drawn up by J. E. Welsh, secretary of the Hayward Chamber of Commerce, at the special request of the board. The term of the document being to increase the revenue, which has been depleted by the annulment of the old license law by an act of the legislature. Two artesian wells have already been sunk on the property. Material is on the ground for the sinking of a number of other larger wells.

OLD LANDMARK
IS BEING RAZED

Alhambra Hotel of Martinez to
Give Way to New City
Hall.

MARTINEZ, Jan. 2.—Almost the last of the old landmarks of Martinez is being torn down with the demolition of the old Alhambra Hotel. The ground upon which it stands has been purchased by the city as the site of the new city hall.

The hotel was built by the late Josiah Sturges in 1852. Sturges added to the original building, at various times, until it became the largest hotel in Contra Costa county. The old hotel, which was throughout the state because of the jolly parties which were quartered there in the old days. Many notable men and women of letters have been entertained in the past. The old structure, though well preserved, has had but a few tenants during the past few years.

WOMEN ARE INSULTED
BY HOODLUM GANG

SAN LEANDRO, Jan. 2.—The town authorities are receiving many complaints from indignant women who have been insulted by members of a gang of hoodlums which makes a practice of visiting upon the women of the town. The gang, which is known as the Southern Pacific gang, and calling after women as they pass. Some of the toughest, believed to have been under the leadership of a man known as "Boss" and Town Marshal Gelsenhofer has been instructed to take steps to put a stop to the outrages.

ONLY FOUR FIRES IN
MARTINEZ DURING 1911

MARTINEZ, Jan. 2.—Only four fires alarms turned in during the past year, the lowest record of the local fire department, declared to be the record of the country. Of these four fires only two were at the time of the year. The loss by fire during the year was \$1500. The biggest fire was the burning of Blackman's Hotel at Fairview, entailing a loss of \$1500. Another was a small fire in a motion picture house, with a \$200 damage. The other two were tulle fires in the Italian quarter.

ALAMEDA AMATEUR BALL
TEAM CLOSES SEASON

ALAMEDA, Jan. 2.—The Krieg & Halton baseball team has played out its season, and the team will now take a rest until the opening of the 1912 spring season. The team won 90 per cent of the games it played, losing only in cases where their opponents were much heavier. The players are young Alameda residents, and in the line-up is a considerable talent which will probably be heard from later in the professional baseball world.

Charles Durham, Lovington, Ill., has succeeded in finding a positive cure for bed wetting. "My little boy wet the bed every night clear through on the floor. I tried several kinds of kidney medicine in cases where he had taken about something different to help him when I heard of Foley Kidney Pills. After he taken them two days we could see a change and when he had taken about two thirds of a bottle he was cured. That is about six weeks ago and he has not wet in bed since. COURT SUSTAINS
RECALL PETITION

Richmond Council Will Now
Take Case to Tribunal of
Next Resort.

RICHMOND, Jan. 2.—In view of the fact that a number of California towns and cities have recall petitions out, including Oakland, and various members of the city administration as well as the general public are affected, the status of the recall movement in Richmond is interesting.

Owing to the falling of reappointments, the city employees, whose term had expired a year ago, were not reappointed. The council, asking for an election recalling Mayor J. J. O'Connell, has been asked to take the case to the next resort.

The administration, upon the advice of its friends, declined to call the election, but in the petition and the matter was taken into court, as much to test the validity of the new law as for any other purpose. The court sustained the petition, whereupon an appeal was taken to the circuit court of appeal.

The state supreme court is about two years behind in its docket, so the object of the administration was to prevent "changing horses in the middle of the stream." It is held that any municipal election is subject to the provisions of the Richmond act at this time would be disastrous to the city and a misfortune, in view of the fact that great projects are under way and the city council and the further fact that they have accomplished much, and given satisfaction to all but a few.

CONDITION OF FATHER
MACKAY MUCH IMPROVED

MISSION SAN JOSE, Jan. 2.—Rev. Father V. A. Mackay, who has been in a precarious condition last week, is reported to be out of danger. According to private sources he will be brought to his home here within the next few days. Father Mackay is suffering from an attack of pneumonia. His is one of the best known priests in this part of Alameda county.

RICHMOND PERSONALS

RICHMOND, Jan. 2.—In taking a switch near the Bay View track, Sunday, Jan. 1, a car of the East Shore company was derailed, derailing traffic while a wrecking crew was working to get the car back on the track. No one was injured.

Miss Beesie Martin, who was to have been married on the 7th inst., changed her mind and has been engaged to a man named George, who is a member of the same family, and was married yesterday instead, at the residence of the bride's mother, Rev. Father Quirk officiating. Steven Detlow of the Castroville, who is a member of the same family, was, and is, the happy man. A wedding trip to Germany is probable.

The funeral of the late Antonio Pan, who was killed by a wagon of the quarry company, was held yesterday afternoon from the Smallwood chapel.

The local car gave a grand ball at East Shore park, next Saturday evening.

Councilman G. A. Follett yesterday received a splendid New Year present from the stork, in the person of a bouncing 12-pound son.

The first ceremony of any kind to be held in the new city hall was performed yesterday at noon by Rev. D. W. Calfee. It being the marriage of Miss Grace Cowen to Earl J. Vinther, both of Oakland. Only four marriages were celebrated the bride just twenty years ago.

Marie Distig, a 16-year-old Richmond girl, was taken to the state insane hospital at Stockton, where she was confined, after an examination having demonstrated that her mind was wholly shattered by continued illness.

The local car gave a grand ball at East Shore park, next Saturday evening.

H. Secor, employed at the Standard Oil plant at the Oakland, has been given a gift of sixty-five birds of the Golden and Japanese ringneck varieties.

Commencing with the new year, the four of workers at the Pullman shops, the Standard Oil works and the Santa Fe shops is being gradually increased, which means a corresponding increase in the local population. The great institutions are in a most flourishing and satisfactory condition and will make splendid business records for and during 1912.

THREE FOOTPADS WORK TOGETHER

Victims of Thugs On Waterfront Lose Their Valuable Gold Watches.

SAN FRANCISCO, Jan. 2.—Three thugs operating on the waterfront last night held up three pedestrians and obtained watches valued at \$130. The first victim, Michael Sullivan of the Harbor house, who was attacked on Stewart street, near Mission. The three highwaymen surrounded him and held him by the throat until they had taken his timepiece, valued at \$30. Their descriptions answers those of three robbers who stood up bondsmen Kundersen and John Anderson, of 112 East street. In this robbery one of the footpads carried a revolver and each of the others searched a victim. Anderson had nothing on his person, but Kundersen's gold watch, valued at \$100, was taken.

MAN IS MANGLED UNDER STREET CAR

San Franciscan Removed to Hospital With Fractured Leg and Skull.

SAN FRANCISCO, Jan. 2.—Thomas Banford, 40 years old, was run over by an owl car on the Third street line at 3 o'clock this morning, and so horrified were the bystanders at the accident and so certain of the death of the unfortunate victim, that the morgue was notified even before the injured man had been dragged from beneath the wheels. Banford was found to be in an unconscious condition. He was hurried to the Central emergency hospital, where it was found that his skull was fractured and his right leg broken. He is in a serious condition, with little likelihood of recovery. Deputy Coroner Quinlan duly responded to the call, but found that his man had already gone to the hospital.

POLITICAL SITUATION IN BRAZIL IS ALARMING

BUENOS AIRES, Jan. 2.—The political situation in Brazil is quite alarming. There is an open conflict between the military party, supported by the government, and the civilians. The latter complain that the nominees for governorship of the states must be generals and colonels.

Ruy Barbosa made a spirited speech in the senate against the predominance of the military spirit in public administration.

Meanwhile there are frequent clashes between the opposing parties. At Ceara several persons were wounded. The most prominent generals, at a meeting yesterday, agreed to support the government.

FIVE EXCOMMUNICATED; SUE BISHOP FOR \$50,000

ANSONIA, Conn., Jan. 2.—Bishop Platon, head of the Russian Orthodox Greek Catholic church in America, is named as one of the defendants in suits brought by five former members of the Three Saints church here, who were excommunicated a few weeks ago. Each claims damages of \$10,000 and the property of the local church society has been attached in the amount of \$50,000.

The plaintiffs allege that by reason of the decree of excommunication, they were deprived of the comforts of their religion and also lost their membership in a church organization in which one carried an insurance policy of \$1000 which was thereby forfeited.

TAFT FELICITATES KING.
WASHINGTON, Jan. 2.—A new year birthday greeting was sent by cable yesterday by President Taft to King Maha Vajiravudh of Siam. The President's message follows:

"On this anniversary of your majesty's birth I offer to you, in the name of the people of the United States, and my own, sincere congratulations."

NATURE POET DIES.
LOS ANGELES, Jan. 2.—After writing a new year's exhortation, Dr. Elias D. Black, aged 60, one of nature's poets, died at his home here today. Before coming to Los Angeles three years ago, Dr. Black was an eminent physician at Decatur, Ind., and a lecturer of wide reputation on medical subjects.

SYDNEY AYRES AT CAMERA TODAY

Last Appearance On Moving Picture of Oakland Actor to Be Made.

Manager Smith of the Camera theater announces that today will be the last day of the Sydney Ayres pictures, and in fact the last opportunity to see Ayres on the screen in Oakland. Ayres having left the Selig Polyscope Company, in which film pictures he has been acting leading roles for the last six months.

The services of Ayres in capacity of director and producer have been secured by the Bison Motion Picture Company of New York and California, and he will arrange and produce for them a series of pictures from the popular stories written by Jack London.

In a personal interview Ayres states that it is almost impossible to direct the production and at the same time act in them, so therefore the picture fans seem doomed to lose our most popular favorite.

Several other new photoplays, accompanied by appropriate musical selections, will be shown today, forming with the Sydney Ayres feature an excellent after-holiday program at that cozy photoplay emporium, the Camera.

YUBA RIVER FREEZES OVER FOR FIRST TIME

NEVADA CITY, Jan. 2.—The South Yuba river at Washington, Nevada county, is frozen over, a condition that has never existed before within the memory of the oldest inhabitant of this section.

There have been lower temperatures before, but this is the first time the river ever froze up.

The freezing is due to the fact that the stream is lower at present than was ever before known at this time of the year. Yesterday a ice was thick enough to stand the weight of a person and skating was enjoyed by a large number.

There was heavy snowfall over a greater portion of the county yesterday and today.

ACTRESS DIES FROM APPENDICITIS OPERATION

NEW YORK, Jan. 2.—Mrs. W. Melbourne MacDowell, an actress, whose stage name was Virginia Drew Prescott, is dead here after an operation for appendicitis. She was born in California forty-one years ago and was christened Virginia Drew Allen. While she was playing in a stock company in Kansas City she met MacDowell, himself an actor, who became her second husband.

Virginia Drew Prescott was once the wife of C. B. Prescott, a well-known actor of Portland. He divorced her when she went on the stage.

LOSS OF HIS CLOTHING DISCONCERTS THIS CHAP

SAN FRANCISCO, Jan. 2.—Charles Powers of Stockton, who has been residing at a local hotel, was much disconcerted yesterday when his trunk was broken open by an unknown thief and a quantity of clothing stolen. Insult was added to injury, however, when last evening he beheld a man wearing his brand new suit of clothes walking along in front of him. He quickly sought out Policeman W. I. Fennessy, to whom he pointed out John Faura. The latter was taken into custody and charged with grand larceny.

GRABS HAND HE FEELS IN POCKET

SAN FRANCISCO, Jan. 2.—John J. Miller, 2632 Twenty-fourth street, was standing at the safety station at Third and Market streets at 1 o'clock this morning when he felt a man's hand in his pocket. Turning, he grabbed Thomas Reynolds, and aided by several bystanders, held on to the man until Policeman Taylor placed him under arrest. He was booked at the southern police station for grand larceny.

"SEE AMERICA FIRST" INTERESTS GOVERNMENT

WASHINGTON, Jan. 2.—The "See America First" propaganda has interested the federal government. Plans are in contemplation for sending abroad a government official to give illustrated lectures in the important cities of Europe on the beauties of America.

It is believed by government authorities that a considerable part of the \$500,000,000 spent abroad annually by Americans can be diverted into the pockets of American railroad stock holders, hotel-keepers and guides.

The scheme is not being considered altogether in its commercial sense, the real purpose being that this country has mountain, lake and moor scenery as beautiful as any to be found in foreign countries.

PLANS EXPOSITION BUILDING.

WASHINGTON, D. C., Jan. 2.—Virginia will probably have a representative building at the Panama-Pacific Exposition. Governor Mann promised Representative Kahn yesterday that he would strongly present to the legislature the question of an appropriation for the building and the appointment of a commission to select the site on the exposition grounds.

SAN DIEGO IS GETTING A MUCH-NEEDED RAIN

SAN DIEGO, Jan. 2.—Heavy rain, which began falling at an early hour this morning, is continuing almost without interruption. There is little wind and the temperature is mild. Reports from the back country and the mountains are that the rain is extending over a large area. It is badly needed in San Diego county. Storm warnings for vessels northward are being displayed on the waterfront.

ADMIRAL'S WIDOW DEAD.

ANNAPOLIS, Md., Jan. 2.—Mrs. Cynthia Hendrick Quackenbush, widow of the late Rear-Admiral Stephen P. Quackenbush, U. S. N., and mother of the late Captain Stephen M. Quackenbush, U. S. N., is dead at the residence here of her son-in-law, Rear Admiral Perry Garst, after a lingering illness.

FOLEY KIDNEY PILLS

always give satisfaction because they always do the work. J. T. Shelton, Bremen, Ga., says: "I have used Foley Kidney Pills with great satisfaction and found more relief from their use than from any other kidney medicine, and I have tried almost all kinds. I can cheerfully recommend them to all sufferers for kidney and bladder trouble. Wishart's drug store, corner Tenth and Washington streets."

Demand for Stocks Broadens
Appreciably in Wall
Street Circles.

NEW YORK, Jan. 2.—The demand for stocks broadened appreciably today. Prices were more active and operations on the long side of the market were conducted more confidently. The movement was assisted by the favorable character of Saturday's bank statement and a continuance of easy money rates at a time when conditions ordinarily are somewhat strained. The buying was ascribed in part to the reinvestment of January interest and dividend payments made today.

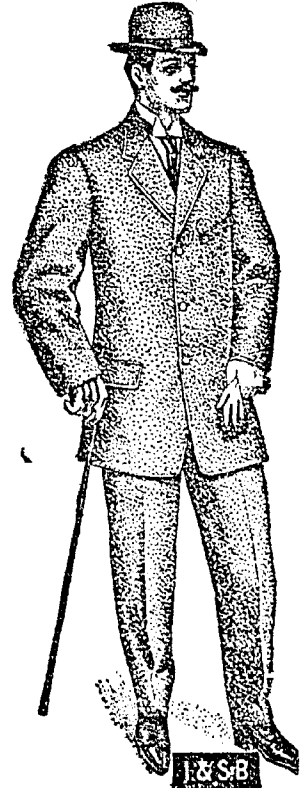

Some stocks reached a still higher level in the early hour, especially following a U. P. before the demand culminated and speculation became quiet. Bonds were quiet.

LAUNDRY WORKERS ARE ON STRIKE IN NEW YORK

NEW YORK, Jan. 2.—Some 2000 or more laundry workers went on strike today for increased wages and a nine-hour working day, and the employers say that before they will give in, New York will be a wash of its own clothes or buy new linen. Employees in fifty steam and hand laundries were affected.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness. Wishart's drug store, corner Tenth and Washington streets.
